## Our Mission

K&A Transporter, LLC is a women owned DBE Certified company. We offer our expertise in material transportation services in the Northern parts of Florida and Southern Georgia. We can provide tandem dump trucks, combination tractor trailers, and flat bed options for delivering aggregates, fill dirt, asphalt, equipment, and more. Our transportation services align with your specific mission requirements, from a single transactional move to large projects that require more loads over time.

Our goal is to provide our clients with a solution to their material hauling needs while delivering a first class experience!

## Our Experience

K & A Transporter is a material transportation company founded by Kat Gresham. With over 10 years of combined transportation and hauling experience, we believe in helping the client reduce the stress, headaches and pains associated with material hauling on and off the project site. We work with state and federal authorities, general contractors and developer's. We provide quality workmanship with expert advice and guidance in project decisions to help our clients enhance the value of their projects. K & A Transporter meets or exceeds all FDOT and US DOT trucking regulations. We ensure that our drivers have an excellent record of service and safety and maintain a clean MVR.

## Services

Our service areas for general hauling are from Jacksonville, Florida to Central Florida and Southern Georgia. We have 10 plus years experience and maintain our licenses and insurance requirements. Our services include the hauling and delivering of construction related materials including:

Dirt/Sand	Pond Digging	Building Pads
Asphalt/Millings	Hurricane Response	Lot Grading
Aggregates	Small Demolition	Site Clearing

## Past Performance

Project for Amazon.com, Aggregate Haul

I-95 Overland Bridge Replacement, Dirt Haul

I-295 Express Lanes from SR 9B to JTB, Dirt Haul included the construction of two additional 12-foot travel lanes (tolled express lanes) in each direction, improving interchanges at J. Turner Butler Boulevard, Gate Parkway, Baymeadows Road, and State Road 9B

Beaver Street (U.S. 90) Improvements, Asphalt Haul
