

**Brian King**

# Assistant Coach

## Middle School Girls

I started my rugby career as a prop playing for a collegiate men's team in North Carolina. I played two years in college, then 3 more years in the local men's league. When I moved to Wisconsin I helped coach my son while he played for the Appleton MS and HS teams. I also played for the Appleton Gargoyles team during this time. I helped them for 3 years before moving to Green Bay where my stepdaughter, my stepson and eventually my youngest daughter joined and played rugby for the Green Bay team.

Since moving to Green Bay I have coached the boys middle school team and have become a certified rugby referee. I have completed my level 1 coaching certification and will pursue further levels in the future. In addition to rugby I currently help coach the Bayport HS girls wrestling team and will become a certified USA wrestling coach in the upcoming spring season.
