

## 2. Serve the World

Susan wrote this song after helping Amma serve food to hundreds of people at an event. She went onto serve in soup kitchens and Native reservations. She was always happiest when she was in service to others.

Mother I am a child  
Hold me close to your heart for awhile  
Mother within your sweet embrace  
All my doubts and fears just melt away  
You are inside of me  
You're in every one I see  
And in everything I do  
We all have a part to play  
Through your grace may we find our way  
To serve the world with you  
To serve the world  
Mother will you guide me  
Like a ship to the shore, I need you right beside me

Mother please take me with you  
I will wait all night until the morning light  
And you are inside of me  
You're in everyone I see  
And in everything I do  
We all have a part to play  
Through your grace may we find our way  
To serve the world with you  
To serve the world  
Om Jai Jai Ma (4 times)  
'Cause you are inside of me  
You're in every one I see  
And in everything I do  
Oh, we all have a part to play  
Through your grace may we find our way  
To serve the world with you  
To serve the world  
Om Jai Jai Ma (4 times)
