If you have children, how many and what are their ages? If you do not have children will you be planning a family later?

If you have other pets how many, what type and what are their ages?

Do you have a fenced yard or similar safe enclosure? Describe.

How long will the puppy/dog be left alone daily and how will you insure that it is toileted, fed and cared for if you are gone during work hours?

Do you have a family veterinarian? If so please list his/her name and phone number as a reference.

We live on Vancouver Island and do not ship our puppies. They are allowed to fly to their new homes 'In Cabin' with their new owners. Are you willing to drive to pick up your puppy and if so, how far are you willing to drive, or would you prefer to fly your pet?

We sell with a contract that also includes a spay/neuter agreement (not before 1 year) and a puppy return agreement that simply states at whatever age, if you cannot keep the animal it must come back to me for re-homing. It protects my puppies from ever ending up in a rescue. Do you agree to this?

Yes
No
