

# **TOWN OF STRATTON SCHOOL BOARD**

## **Notice of an Informational Meeting Regarding Act 46**

### ***An Open Discussion regarding the future of Stratton's School Choice***

**Thursday, March 2, 2017 at 7:00PM  
at the Stratton Town Hall**

The Stratton School Board invites all Stratton residents to an Act 46 informational meeting at the Stratton Town Hall, 688 Stratton-Arlington Rd., in Stratton, on Thursday, March 2, 2017 at 7:00PM. The meeting will be an open discussion regarding the effect of Act 46 on our children and on the town's tax rate. The Board will also present its ideas relative to Act 46 implementation.

Over the past year, Stratton School Board members have met with school boards of other districts, State officials, and officials from different Supervisory Unions to explore alternatives to the dictates of the Act 46 requirements.

In addition, the Board has established an Act 46 Study Committee, made up of several parents of Stratton children. The Study Committee is charged with assisting the Board with drafting an Act 46 plan that must be approved by the State.

This plan will provide an outline to the State which will show how Stratton will attain the Act 46 goal of having a sustainable governance model that provides educational opportunities to our children, while maintaining economic efficiencies.

It is now time to present these initial findings and conclusions to Stratton residents in order to get a sense as to whether the residents support the Board's recommendations.

Therefore, the Board encourages all Stratton residents, not just parents, to attend this important meeting.

Tom Montemagni  
Stratton School Board Chair
