

Destination Wedding

Cindy is our in-house Destination Wedding Specialist, and can take care of all your needs. Is it just the two of you, or an entire group? She will organize everything, make sure you have all the proper documentation, and ensure that you have a relaxing time. If it is an entire group, she will also maximize the benefits for your group and ensure that everything runs smoothly.

She is a Notary Public, so we don't have to send you running all over town to get your documents in order for your wedding.

She also keeps up to date on the requirements for most destinations, and knows exactly where to go to find out the most current and up-to-date information.

Be it your first marriage, or a second, we will make it an occasion to remember!
