She will send an email confirming receipt of your reservation and the PSA Indemnity Form to be completed for check-in.

**Check-in:** Each registrant will hand-in a fully-completed PSA Indemnity Form including “Channel Islands Wildlife Cruise” as the name of the activity and their signature. Once the indemnity form has been received from a participant, they will receive a color-coded sticker/label to wear during this trip only.

**Description:** After check-in the group will board the Scorpion and begin the narrated cruise to the rugged shore of Santa Cruz Island. We will be looking for a variety of wildlife such as California Sea Lions, Harbor Seals, Common Dolphins, Orcas Whales, and Humpbacks! There will be a chance to practice shooting island birds in flight, the historic lighthouse on the eastern end of Anacapa Island, and many caves and arch formations including the Park’s trademark Cabrillo Arch Rock. Photographing on the seas can be challenging, but we will explore shooting styles to help secure success. Approximately 4 hours will be spent on Santa Cruz Island so bring your lunch, water, snacks, camera, sun-screen, and binoculars. It is suggested that you layer clothing for this trip. Sandy Zelasko will be available to answer your photo questions, discuss techniques, and suggest shooting methods. Excursions are always an adventure so be flexible and understand stated marine life or destinations might not be seen.
