*“ Moving from Fear to Faith”*

The journey of faith is a never-ending one... one of constantly coming to know the Father through Jesus. It parallels the journey of the first disciples - their coming to faith... their coming to understand who the Father was - and how they came to know him. God is always the one who speaks first, who acts first, who loves first; and discipleship always involves a call, an invitation requiring a response. The story in this week's Gospel is a perfect example of the process of the faith journey. Jesus invites the disciples to "go across to the other side" of the lake. The response: "they took him with them in the boat." However, a quick response is simply not enough.

Discipleship is fundamentally a leap of faith - which is not the same as belief. Faith is a deep, bedrock trust in God's presence in the world, in the person of Jesus and in our lives. When the storms of life whip up we come to the truth of just how deep is our faith. Life is full of overwhelming waves - even for experienced sailors or fishermen.

The Gospel tells us that the real sign of discipleship is a trust in Jesus and who he is for us. We are challenged to put our faith in Christ even amid the turmoil and storms that seem to be about to sink us. All Jesus asks is our trust in him, even when there seem to be no great display of His power or miraculous intervention in times of crisis.
