

Cathy Jenkins
County Board Member
Vermilion County Illinois

Growing up in the rural Georgetown area of Vermilion County, I quickly learned the meaning of hard work. Mending fences, rounding up stray cattle, shearing sheep, and all that comes with the country life set my lifetime stage in problem solving. I am convinced that is when my innovation blossomed!

I was appointed as a precinct committeeman, and quickly took interest in how our government operated. Moving up to City Alderman Ward 1, and then most recently into the Vermilion County Board District 4 position, I realized the political arena is where I can make a difference. Retiring as a Senior Manager from Blue Cross Blue Shield in 2012, I bring to the table the managerial skills necessary to be successful as the Vermilion County Clerk.

It is my goal, in running for the Vermilion County Clerks' position, to carry out the administrative duties that are assigned to that office by law, in an efficient manner. To increase efficiency within the tax levy processes, increasing utilization of technology, as well as maximizing staff to reduce overall costs are areas of opportunity that I can make a positive impact. My overall skills give me the needed administrative experience to accomplish these goals. I look forward to serving Vermilion County in this capacity and anticipate an exciting 2014!
