

# ATCC Cabinet Testing User Training Course

ATSI offers a comprehensive training course for ATC Cabinet Testing. Proper user training is an essential part of a successful preventative maintenance program. The training is offered as a self-paced video course at [www.atcc-testing-course.com](http://www.atcc-testing-course.com)

- The course covers testing of the CMU, SIU and HDSP/FU
- Students may take a test at the end of the course.
- Students who pass the test will be given a training certificate.
- Training qualifies for TARP points for IMSA members.

## Certificate of Completion

This is to certify that

John Doe

has successfully completed the

ATC Cabinet Testing User Training Course
