Principal's Message

December-January Bobcat News

Using Growth Mindset Language

Report Card time is here again and we are quickly approaching a 2020. As a district and a school site we work to foster a growth mindset in our students. The growth mindset and how our children's lifetime success is closely linked to their ability to tie their struggles, effort, and perseverance to their ultimate success. When you receive your children's report cards, or review their grades and progress on the parent portal, your response can help your children shape a growth mindset.

It is always best to begin a discussion of the report card and progress when you have some calm, quiet time to reflect with your child. Choose your words wisely, the key is to focus your child on how their actions and efforts, and not inherent ability or factors outside of their control, most influence their outcome. Try phrases such as these:

Con't Principal's Message

To respond to positive grades:

- You got excellent grades in _____, tell me about what you did to earn those.
- Wow, you must have been working very hard in _____ to earn a _____. Your hard work paid off.
- Aren't you glad that we studied so hard every week in _____? Look what you accomplished!
- You have really improved in _____. Remember when that was so hard for you, and now you _____.
- You have come a long way in _____. What do you think made the difference?
- I know you were determined to get _____ this trimester. I am really proud that you stuck with it and accomplished your goal.
- You are doing so well, I wonder what challenge you can set for yourself next trimester?

To respond to disappointing grades to spite good effort:

- I see how hard you are working in _____. It's been really challenging this year. I know you're making progress. Just keep at it and you'll get there.
- I know you were working for a higher grade in _____. Let's think about what else might help.
- I know it's frustrating when you are working hard and not seeing the results. Why don't we talk to your teacher to get some ideas that could help?
- This was a hard trimester for you because of _____. Next trimester we can _____.

To respond to disappointing grades when work completion and effort has been a problem

- It's hard to see that you are not earning the grades I know you could if you put in a little more time and effort. Let's come up with a plan to help you improve next trimester.
- What do you think you could have done differently this trimester to get a different result in _____?
- I have seen you do a really great job in _____ when you focus. What do you think is getting in the way? What can we do about it?
- I know you can improve at _____ if you set your mind to it. Let's set a goal together for next trimester.

Remember your children's elementary grades, while important, do not make or break their future. When you teach your children to reflect honestly and calmly on how their efforts have shaped their results, and how to respond to success and struggle, you are teaching them lessons that will serve them through college, career, and beyond.

December 2019/January 2020

I hope everyone had a Happy Holidays!

The 2019 Turkey Trot was a BIG success—we raised over \$50,000! Thank you to Maria Griswold and Veronica Tarnofsky for making it happen! Thanks also to our generous sponsors and the entire VPE community for your donations! And thank you to the countless volunteers who dedicated their time and energy to helping the day run smoothly. Drum roll please...we are getting a shade structure over the quad! Installation is scheduled for late January. Thank you, Bobcats! Together we can do great things!

We kicked off December with a festive VPE tradition: the holiday store. Students shopped in the MPR, then wrapped their treasures to take home for their loved ones. Thank you to Michelle Tao, Beth Riley, and all of the volunteers who helped. The kids loved it!

The following week, 6th graders headed up the mountain for Outdoor Ed. This science camp experience is a time-honored rite of passage for VPE students. As the parent of a 6th grader, I am truly grateful to our teachers and faculty for supporting this program, and to our dedicated fundraising team for giving the students ample opportunities to raise money to fund it. Thank you!

The December joy continues with holiday parties on the 20th. Thank you to Kari Christie and Heather Cassara for your guidance, and to all of the room parents and volunteers for giving the students fun celebrations on the last day of school before the break.

If you haven't already done so, please support the Villa Park Home and School League on Amazon Smile, and register your Ralphs Rewards card to support Villa Park Elementary. Last-minute shopping and post-holiday sales can help earn free money for our school!

Looking ahead to 2020, because it will be here in a flash...

New After School Enrichment opportunities will be coming in this January. Thank you, Wendy McGrane, for making it happen!

I am seeking volunteers interested in serving on the 2020 H&SL Nominating Committee to help form the slate of H&SL executive board officers for the 2020-21 school year. Please email me at president@vpe-hsl.org if you are interested in volunteering, or would like more information.

The next Home and School League meeting will take place on Thursday, January 16 at 8:15 a.m. in the MPR. Please mark your calendar! In addition to the coffee and snacks, friends and fun, we get reports on campus news directly from students and the principal, as well as updates on H&SL events. Little ones are welcome! Don't miss it!

Peace and joy to you and yours this holiday season! It can be a stressful time of year, for sure! It's my wish that we are all able to slow down and enjoy time with family and friends so we can enter the new year feeling grounded and refreshed. Cheers to 2020! Enjoy the break!

Go Bobcats! Sincerely,

Erin Flynn
