## Major Achievements

- ICS is proud to announce the completion of the accreditation process and the ACSI Regional Accreditation Commission has granted Inner City School accredited status. In the desire for a quality school, accreditation is an indicator to parents and stakeholders that ICS values the education of children enough to pursue excellence in every aspect of our operations. Accreditation recognizes that ICS contributes to the public good through effective teaching and learning and that are biblically sound, academically rigorous, socially engaged, and culturally relevant; and educators who embody a biblical worldview, engage in transformational teaching, discipling, and embracing personal and professional growth. This accomplishment was not possible without the help of ICS' dedicated staff, board, parents, and community members. We are forever grateful to the Lord and to you. Thank you for your continued prayers and support as we continue to improve through accreditation standards.

The 5<sup>th</sup>/6<sup>th</sup> grade students worked hard and earned money to take a historic field trip to the Creation Museum and Ark Encounter in Kentucky. It was a fun road trip and both museums strengthen their belief in the Creator of the Universe.

ICS offers an 8-week Summer Program to children in our community. Activities include field trips, arts and crafts, gardening, and Bible adventures. The program offers tutoring for struggling students while helping others keep up with their studies and prepare for the new school year.
