NEW

QUANTUM™

Quantum™ is an OEM design beam blade with Rain-X® technology that instantly applies a water-repelling coating to the windshield to improve wet weather visibility. The built-in blade change indicator* turns colour from black to yellow to remind you when it's time to change wiper blades.

Le balai Quantum™ à armature intégrale est identique à celui d'origine. Sa lame dépose le traitement hydrofuge Rain-X® qui améliore la visibilité et aide le conducteur à réagir plus vite. L'indicateur d'usure* passe du noir au jaune pour indiquer qu'il est temps de remplacer les balais d'essuie-glace.

1. Blade Change Indicator

Changes colour over time from black to yellow to remind you when to change the blades.*

2. Water Repelling Coating

Contains a water repelling coating that is applied as you wipe and lasts for months.

3. Aerodynamic Spoiler

Enables optimum windshield contact and high speed performance.

4. Advanced Rubber Technology

Helps ensure smooth operation and enhanced durability.

5. Easy Connector System

Comes pre-installed with adapters to fit 87% of all vehicles without having to change the adapter.

1. Indicateur de changement de balais

L'indicateur passe du noir au jaune pour indiquer qu'il est temps de remplacer les balais.

2. Traitement hydrofuge

L'application se fait lors de l'essuyage et dure plusieurs mois.

3. Défecteur d'air aérodynamique

Pour un contact optimal et un essuyage performant à haute vitesse.

4. Caoutchouc de pointe

Pour un essuyage en douceur et une durabilité accrue.

5. Adaptateurs interchangeables

L'adaptateur préinstallé convient à 87 % des véhicules sans avoir à changer quoi que ce soit.

SAE International

All Rain-X® wiper blades pass SAE J903 tests for durability, temperature, ozone and chemical resistance. Tous les balais d'essuie-glace Rain-X® satisfont à la norme SAE J903 en matière de durabilité et de résistance aux conditions climatiques, à l'ozone et aux produits chimiques.

LATITUDE®

The revolutionary Rain-X® Latitude® wiper blade contours to the curvature of your windshield to provide even wiping pressure along the full length of the blade.

Le révolutionnaire balai Latitude® de Rain-X® épouse la forme du pare-brise et produit une pression égale sur toute la longueur de sa lame.

1. Superior Squeegee

Synthetic rubber delivers a smoother, more reliable wipe in all climates.

2. Graphite Coating

Specially blended graphite coated rubber delivers a smooth, chatter-free wipe.

3. Beam Design

Contoured blade shape hugs the windshield for virtually streak-free visibility in rain, sleet and snow.

4. Rubber-Encased Substructure

Enhanced flexibility and grip are achieved through the durable, rubber-encased substructure.

5. Aerodynamic Spoiler

Reduces noise and wind lift.

1. Lame de qualité supérieure

Lame en caoutchouc synthétique pour un essuyage en douceur et efficace par tous les temps.

2. Revêtement en graphite

Caoutchouc spécial avec revêtement en graphite pour un essuyage en douceur sans broutage.

3. Balai à armature

Lame épousant la courbure du pare-brise pour une visibilité nette dans la pluie, la neige ou le verglas.

4. Structure encapsulée

Flexibilité et solidité accrues grâce à la durable structure encapsulée dans le caoutchouc.

5. Défecteur aérodynamique

Réduction du bruit et de la portance causée par le vent.

Product Features:

- Virtually streak-free visibility – in rain, sleet and snow
- Smooth, chatter-free wipe – as a result of the specially blended graphite coated rubber blade
- Enhanced flexibility and grip – from the durable, rubber-encased substructure
- Significant noise reduction and wind lift – through a built-in aerodynamic spoiler
- All weather tough – with a synthetic rubber squeegee that will withstand extreme weather conditions
- Prevents ice and snow build-up – through the elimination of exposed metal components
- Easy to install – pre-installed with small j-hook adapter and contains multi-adapter for side pin, large j-hook, bayonet, I&L and PTB wiper blade arms

Caractéristiques du produit :

- Essuyage en douceur et sans bruit – grâce à la lame de caoutchouc à revêtement spécial de graphite
- Flexibilité accrue et meilleure adhérence – grâce au cadre durable recouvert de caoutchouc
- Diminution importante du bruit et de l'effet de soulèvement causé par le vent – grâce au défecteur aérodynamique intégré
- Pour toutes les conditions climatiques – lame en caoutchouc synthétique qui résiste à toutes les conditions climatiques extrêmes
- Prévention de l'accumulation de glace et de neige – puisqu'il ne contient aucune pièce de métal exposé
- Facile à installer – adaptateur préinstallé pour petit crochet en « J »; comprend également un adaptateur multifixation pour bras I&L, PTB, à tige latérale, à grand crochet en « J » ou à baïonnette

ARCH™

Rain-X® Arch™ is a value-priced beam blade that provides an upgrade from conventional wipers. Arch™ is designed with a low profile, aerodynamic frame that creates even pressure across the windshield.

Le balai à armature intégrale Rain-X® Arch™ est un excellent rapport qualité-prix qui offre un niveau de qualité supérieur au essuie-glace conventionnel. Le profil et aérodynamisme de l'armature Rain-X® Arch™ offre une pression égale sur tout le pare-brise.

1. Graphite Coated Squeegee

Reduces friction and noise.

2. Steel Spring Beam Design

Optimizes curvature and pressure distribution for a smooth wipe.

3. Pre-installed Adaptor

Fits most common J-Hook type arms.

1. Lame recouverte de graphite

Réduction de la friction et du bruit.

2. Armature en acier à ressort

Optimisation de la courbure et de la répartition de la pression pour un essuyage sans traînées.

3. Adaptateur préinstallé

Compatibilité avec la plupart des bras à crochet en « J » courants.

Product Features:

- **Beam style blade technology** – curved design to provide a smooth wipe
- **Chatter-free wipe** – graphite coated rubber to help reduce friction and related noise
- **Good durability** – optimal curvature and pressure distribution for more even wear and extended blade life
- **Easy to install** – pre-installed adapter fits small and large J- Hook and Pin wiper arms while a packaged adapter covers PTB, I&L and P&H wiper arms

Caractéristiques du produit :

- **Balai à armature intégrale** – forme courbée épousant le pare-brise pour un essuyage en douceur
- **Essuyage silencieux** – caoutchouc recouvert de graphite pour diminuer la friction et le bruit
- **Bonne durabilité** – courbure et répartition de la pression optimisées pour une usure égale sur la longueur du balai et une durée de vie accrue
- **Installation facile** – adaptateur préinstallé pour petit ou grand crochet en « J »; comprend également un adaptateur pour bras PTB, I&L et P&H

WEATHERBEATER®

The Rain-X® Weatherbeater® Wiper Blade provides a smooth, clean, streak-free wipe by using embedded friction reducers and multiple pressure points.

Le balai d'essuie-glace Weatherbeater® de Rain-X® procure un essuyage sans traces ni broutage grâce à ses multiples points de pression et ses réducteurs de friction.

1. Weather Resistant Squeegee

All natural squeegee rubber resists cracking, splitting and earing caused by heat, cold, windshield washer fluid and salt.

2. Multiple Pressure Points

Enable even pressure distribution across entire length of blade to help deliver a smooth, clean wipe.

3. Galvanized Steel Frame

Enhances durability.

4. Embedded Friction Reducers

Help deliver a smooth, clean wipe.

1. Lame résistante aux intempéries

Caoutchouc naturel qui résiste aux fissures, aux déchirures et aux fendillements causés par la chaleur, le froid, le liquide lave-glace et le sel.

2. Nombreux points de pression

Pression également répartie sur l'ensemble de la lame pour procurer un essuyage en douceur et sans traînées.

3. Cadre en acier galvanisé

Augmente la durabilité.

4. Composants intégrés de réduction de la friction

Pour un essuyage en douceur et sans traînées.

Product Features:

- **Long lasting durability** – defined by a galvanized steel frame that prevents rust and corrosion
- **All natural squeegee rubber** – resists cracking, splitting and tearing caused by heat, cold, windshield wiper fluid and salt
- **High quality traditional blade** – meets or exceeds all original equipment manufacturers' standards
- **Quick and easy to install** – pre-installed with small j-hook adapter and contains multi-adaptor for side pin, large j-hook and bayonet wiper blade arms

Caractéristiques du produit :

- **Durabilité accrue** – cadre en acier galvanisé qui résiste à la rouille et à la corrosion
- **Lame de caoutchouc naturel** – résiste aux fissures, aux déchirures et aux fendillements causés par la chaleur, le froid, le liquide lave-glace et le sel
- **Balai conventionnel de haute qualité** – satisfait, voire surpasse, les normes des pièces d'origine en « J »; comprend également un adaptateur multifixation pour bras à tige latérale, à grand crochet en « J » ou à baïonnette

MULTI FIT

Rain-X® Multi Fit Rear wiper blades simplify and minimize multiple wiper blades assortments.

- With their unique interchangeable connector system, Rain-X® Multi Fit wiper blades cover 11 configurations in only 4 sizes.
- Multi Fit blades are easy to install and help ensure maximum vehicle coverage.

Les balais arrière Multi Fit de Rain-X® simplifient la sélection et minimisent le nombre de balais nécessaires pour couvrir un grand nombre de véhicules

- Grâce à leurs fixations interchangeables spéciales, 4 tailles de balais Multi Fit de Rain-X® couvrent 11 configurations différentes.
- Les balais Multi Fit sont faciles à installer et permettent d'optimiser la couverture.
