

IT'S YOU, JESUS, IT'S YOU

By John Lipinski

Feel so distant, don't know what to do
I've spent days and days without You
Distraction comes from everywhere, it seems
There is only one Lord, in my dreams

It's You, Jesus, it's You...it's You

Jesus, Jesus,...it's You...it's You

Daily worries and burdens now are past
I have given my life to You, at last
We'll share ev'ry moment as it comes
Even though, I'm many miles from home

It's You, Jesus, it's You...it's You

It's You.....it's You, it's You
