

Tri-Lakes Association Members & Property Owners:

At the February 21st Morton Township Planning Commission meeting, the Commission voted to hold a Public Hearing on the Developer's request to re-zone the 5 parcels under section 13.1 of the Zoning Ordinance for a Campground and RV Park. We have recently found out that the Developer has rescinded his initial application and instead has submitted an application for 'Conditional Rezoning' under section 5.1 of the Zoning Ordinance. For reference, here is a link to the Township's Zoning Ordinance: [ZONING-ORDINANCE-Jan-10-2023-combined.pdf \(mortontownship.org\)](https://www.mortontownship.org/files/2023/01/ZONING-ORDINANCE-Jan-10-2023-combined.pdf) Thus, there will not yet be a Public Hearing on this matter, but instead, a review of this 'new' application at the next Planning Commission meeting.

The review of this new application will take place at a meeting at 5:30 PM on April 3rd, as part of the regular Morton Township Planning Commission meeting (rescheduled from March 20, 2024). Again, anticipating the large crowd, the meeting location has moved to Mecosta Elementary School, 555 W. Main St., Mecosta, MI. 49332. (same site as last meeting).

If you can make the meeting in person, PLEASE ATTEND. Although this is not a public hearing on the proposed development, there is a section of the agenda for remarks from citizens in attendance, and you can voice your concerns at that time.

We also ask that you continue to send your email opposition directly to the Morton Township Planning Commission: planningcommission@mortontownship.org. The number of emails received is always announced at the meeting.

And, you can continue to keep yourself updated on our RV Park website: [Proposed RV Park \(thetrilakes.org\)](https://www.thetrilakes.org)

Thank you,
The TLA Board of Directors
