General Election Ballots Arriving Soon!

Yard & Craft Sale October 19th • 7:00AM to 1:00PM

Mailing Ballots to Voters

The mailing of ballots will begin no later than 20 days before Election Day for in-state voters and no later than 40-45 days before Election Day for out-of-state voters. If you do not receive your mail ballot packet by the start of early voting, immediately call the Election Department at (702) 455-VOTE (8683) or send an e-mail to MailBallotRequest@ClarkCountyNV.gov.

In-Person Voting

Instead of voting by mail, you may vote in person on a voting machine at any one of the many convenient early voting sites or Election Day vote centers, even if you receive a mail ballot. No matter where you live or what your precinct is in Clark County, you may vote at any Clark County voting site you choose. An early voting schedule and Election Day vote center listing will be in your mail ballot packet, in your sample ballot and online at www.ClarkCountyNV.gov/vote.

If you haven't opted-out of mail ballot voting and wish to vote in-person instead of by mail, the following apply:

If you have your mail ballot with you, you must surrender it at the voting site.

If you do not have your mail ballot with you, you must sign an affirmation that you are not voting more than once in the same election (they will verify before counting your vote, attempting to vote more than once is illegal).

It's Ridiculous We Even Have To Write This!

STOP . . . being a jerk!

- Every time you force the gates open, by not letting them close & cycle thru, before you charge up on them = \$150+ service call
- Every time your kid saws off a tree limb or stomps on park lights = \$150+ service call
- Every time someone runs over sprinklers in the park = \$150+ service call

We're lucky we have a BOD whose members rush out to straightened things out, instead of calling for service . . . SO OUR DUES DON'T INCREASE!
