

## Koi Fish Craft

### Supplies you will need:

- 1 toilet paper roll
- Crayons
- Paper
- Googly eyes (if you don't have googly eyes, you can color the eyes)
- Scissors
- Glue

### Instructions (look below for examples):

1. Body: Cut out the rectangle shape on page 2. Color it and glue to the toilet paper roll.
2. Lips: Cut the long, narrow rectangle on page 2 and color it orange or peach. Glue the rectangle on the outside front end of the toilet paper roll to make the lips.
3. Tail: Cut out the rectangle from Page 2. Color it. Then scallop one end and then cut small fringes on that end. Put the completed tail slightly inside the back end of the toilet paper roll; glue it on the inside.
4. Eyes: Glue googly eyes to the top end of the toilet paper roll just below the lips, one on each side of the top. Color in eyes if you do not have googly eyes.
5. Fins: Cut out the oval shape on Page 2. Fold in half, and cut on fold. Color fins and then glue an end of each fin on the sides of the toilet paper roll.
