Jenks Trojan Football - 1921 Alumni

Thanks for the memories

Since the early 1900's, many great Trojan football players have contributed to Trojan football history. From Francis Hunter, pictured above far left, and Charles Dwelley, namesake of Hunter -Dwelley Stadium, to every player who has worn a Trojan football uniform has left their mark in Trojan football history. Some players were blessed to further their football careers beyond their high school playing days. However, for the majority of the football alumni, the work ethic, discipline and teamwork learned playing Trojan football have been more instrumental in helping them excel in their personal, educational and professional lives. While each individual name may not be listed on this page, every former Trojan football player is a life long member of the Trojan football family and not forgotten.

Alumni Information

Many Trojan football alumni have gone on to play football in college and in the NFL. If you have information about such alumni, send it to the [Webmaster](#). Please include the player's name, year graduated from Jenks, college name and years played, NFL team name(s) and years played.
