WIN is the Prayer Ministry of Pacific Western Network Ministries, IPHC. Our assignment is to cultivate and equip prayer ministry in the Local Church. We believe we have a mandate from God to raise up intercessors generationally. The word of God declares, "My house shall be called a house of prayer for all nations." A church that is called to plant and destined to grow must effectual fervent prayer as a central theme to fulfill its vision and assignment.

As part of our arsenal of resources here is a sampling of teaching modules we make available to the local church. As you review the list, if you would like to offer one or more of the following classes in your church, feel free to contact our WIN office at your convenience. If you need assistance establishing prayer ministry, do not wait another day to ask for help. We welcome your inquiry.
