

Classical Glass Corvette Club

Sponsorship Registration and Benefits

On behalf of the Classical Glass Corvette Club (CGCC, a non-profit corporation) we would be honored if you would consider continuing to be a corporate sponsor of our Cheyenne based Club.

Our Club is composed of great members from all over southeastern Wyoming. The Club was created to encourage planned trips, events and social activities for the Club members and families, as well as making contributions or raising funds for charitable organizations. The Club is composed of members with wide automotive interests, but primarily a strong interest in the restoration and enjoyment of Chevrolet Corvettes of all years.

Club sponsors are welcomed to all the benefits of Club members, such as attending rallies, car shows, benefit drives, etc. Also, the Club will place sponsor advertising in the club's newsletters, membership flyers, brochures and on the Club's social media accounts. This information is distributed to all members, sponsors and potential members.

Sponsors will be able to promote their products and services at club events where permitted by property owners without entry fee or sales percentages.

Suggested yearly sponsorship is \$100.00.
