**Our facials are designed for All Skin Types.** From start to finish, you are tucked under a warm blanket to relax and sooth your muscles. You're surrounded by calm music to unwind and de-stress. We use Epicuren finest skincare products, combined with aromatherapy and essential oils recognized around the world, to deliver a healthier more radiant looking skin. Relaxing hot stone massage is incorporated to relax your sore muscles. We finish off the facial by recommending products for at home use along with future treatment to maintain a healthy radiant looking skin.

**Custom Facial** \_ Your skin will celebrate after experiencing our deluxe custom facial and age-defying treatment. Watch as the appearance of fine lines and wrinkles are visibly reduced. **UltraSonic Skin Scrubber/ Spatula** removes dead skin cells, dirt, and debris, a thin metal spatula vibrates ultrasonically to extract pores without pain. This method **extracts blackheads & pimples** and prepares the skin for the infusion. The ModelInfusion mode on the device also allows the Aesthetician to penetrate topical skincare products for maximum results. **Specialty masks** will balance the skin and boosts the hydrating level while massaging your face. Vitamins and minerals are infused that stimulate the production of collagen and elasticity; protecting you from daily environmental aggressors. **Hot stone massage** on the shoulders, arms and hands using Epicuren aroma therapy lotion will sooth tired muscles leaving you rejuvenated.

## **BENEFITS OF OUR ADD-ON TREATMENTS**

**Oxygen Treatment** \_ Is a pressurized Oxygen treatment which restores cell nourishment, detoxifies the skin, rehydrates dry skin while Stimulating Collagen Production. This treatment Increasing skin circulation and accelerates healing while improving the skins texture. Oxygen treatment is Safe for Sensitive Skin and the perfect lunch time treatment with No Down Time.

**Microdermabrasion Peel** \_This treatment is one of the latest breakthroughs in dermatology for all skin conditions, however microdermabrasion is not recommended for those who have active keloids, undiagnosed lesions, recent herpes outbreaks, warts, active, weeping acne (stages 3-4), active rosacea, unstable diabetes or auto-immune system disorders, use of antibiotics. Microdermabrasion is a safe, gentle skin resurfacing treatment, designed for mature or teenage skins which removes dead skin cells while stimulating the production of skin-firming collagen, a great “polish” before an event. A series of treatments can help minimize fine lines and scarring, while improving the uniformity of skin color and reducing acne scars. Our machine is designed to treat your skin with or without crystals. We have a variety of different diamond tip wands which allow for steady control with outstanding results.

**Micro-current**\_ Also Known as the "Lunch Time Facelift" is known to be the most effective non-surgical method to take years off the face. Our treatments take the efficacy of micro-current to a new level by pairing it with gentle, restorative acupuncture points used on the body to rebalance the constitution. Along with award winning skin care products, this combination provides dramatic results and is incredibly relaxing. Since micro-current is sub-sensory, and since our gentle acupuncture is so stress releasing, most patients fall asleep during treatments.
