AN INDUSTRY LEADER

Tarkett Sports is a division of the Tarkett Group, which was established in 1886. The knowledge and expertise accrued by Tarkett over 130 years has made it one of the largest flooring manufacturers in the world.

With over \$3 Billion in annual sales and an average of 13 million square feet of flooring produced per day, Tarkett is a global leader in commercial, residential, and sports solutions.

BUILT STRONGER, TOGETHER

.....

Tarkett Sports does it all. We offer a full range of surfacing products. From our line of commercial, residential and athletic artificial turf, sports tracks, and indoor flooring, we have the right solution to fit your needs. Tarkett Sports is built stronger, together.

WHY TARKETT SPORTS

TARKETT SPORTS BRAND

Tarkett Sports is a world leader in athletic surfacing, offering a comprehensive portfolio of sports flooring solutions through its brands: FieldTurf, Beynon Sports, Renner Sports, EasyTurf, Desso, GrassMaster, PlayMaster and Tarkett Sports Indoor.

DESIGN & CONSTRUCTION EXPERTS

Tarkett Sports and our partners are some of the most experienced and knowledgeable teams in the industry. When it comes to the design and construction of your sports surface, we are the experts.

FINANCIALLY STABLE

The Tarkett Group is a worldwide leader of innovative flooring and sports surface solutions. Tarkett Sports Indoor is backed by unprecedented financial support and stability. You can rest easy.

LEADING DURABILITY

Manufactured and installed with the highest attention to detail, Tarkett Sports Indoor's systems showcase proven durability.

EXPERIENCE

With over 5,000 installations in North America in the last 10 years, Tarkett Sports Indoor has the knowledge and expertise to make your sports facility a success.

TRUSTED

For indoor facilities, Tarkett Sports Indoor offers the most trusted sports flooring for various style facilities in North America.

ENDLESS PURSUIT OF INNOVATION

From the Dropzone rubber, PolyTurf Pad and Pour system, Omnisports vinyl sports flooring, ClutchCourt wood, and LinoSport linoleum, our innovation and versatility extend beyond just sports. We're there to support your team.

SERVICE

We are as committed to your program as you are, and we're with you for the long term. When you buy from Tarkett Sports, you're buying from a company that knows how to take care of you.

A TURNKEY SOLUTION

WITH TARKETT SPORTS INDOOR

OMNISPORTS

The Game-Changing versatility of Omnisports

Applications: Gymnasium • Multi-Purpose Rooms • Cafetorium • Yoga • Martial Arts • Daycare

DROPZONE

The surface strength of Dropzone rubber flooring

Applications: Weight Rooms • Strength & Cardio Equipment • Spinning • Training Turf • Functional & Extreme Training • Ice Rinks

CLUTHCOURT

Inspiring tradition of ClutchCourt Northern Maple

Applications: Gymnasium (Basketball & Volleyball) • Aerobics • Racquetball

POLYTURF PLUS PAD & POUR

The durable playing surface of PolyTurf Plus Pad & Pour

Applications: Multi-Purpose Rooms • Cafetorium • Gymnasium • Inline Skating

LUMAFLEX

The pinnacle of sports performance with Lumaflex

Applications: Gymnasium • Multi-Purpose Rooms • Inline Skating • Aerobic and Fitness

DANCEFLOOR

Perform at your best with Dancefloor

Applications: Dance Studio • Dance Stage

LINOSPORT

The natural sustainability of LinoSport Linoleum

Applications: Multi-Purpose Rooms • Gymnasium • Daycare

PORTABLE SPORTS FLOORING

The Ultimate Portable Sports System

Applications: Arenas • Temporary Basketball and Volleyball Court • Agility Area • Any Home Application

LINOSPORT: A TRADITIONAL FLOORING MADE IN ITALY

HERITAGE

Whatever Italians do, they do it with passion. It is with this passion that Tarkett has been manufacturing linoleum since 1898 in our factory in Narni, Italy.

COMBINING TRADITION AND INNOVATION

Tarkett's linoleum is made from natural ingredients, with the same original recipe since 1898. Tarkett's linoleum combines tradition and innovation to meet the needs of consumers worldwide.

NATURALLY ROBUST

Our linoleum offers a timeless design and robustness that stand the test of time.

100% GREEN

The Narni plant also has photovoltaic panels, a biomass boiler, its own geothermal heating system and uses renewable electricity. Tarkett is currently saving 80 million litres of water annually at Narni by recirculating what it uses. Beautiful flooring doesn't have to hurt the environment.

USING NATURE'S INGREDIENTS

Natural, versatile and sustainable, LinoSport combines over 120 years of tradition, craftsmanship and innovation, and offers a fresh approach to the flooring needs of today and lifestyles of tomorrow.

Made entirely of natural raw materials; all abundant or rapidly renewable resources.

- ▶ Linseed Oil
- ▶ Pine Rosin
- ▶ Limestone
- ▶ Wood
- ▶ Cork Flour
- ▶ Jute

SUSTAINABILITY IN MIND

HEALTH & THE ENVIRONMENT

LinoSport embodies four categories of sustainability, providing not only superior performance, but stewardship of the environment and care for individual health.

GOOD MATERIALS

- 100% natural
- No REACH restricted materials
- No California Prop. 65 chemicals
- No formaldehyde

RESOURCE STEWARDSHIP

- ISO 14001 manufacturing
- Cradle-to-Cradle® Silver
- ISO 50001 energy management system

PEOPLE-FRIENDLY SPACES

- Low TVOC emissions: < 10 µg/m3
- FloorScore® certified
- Natural bactericidal properties
- Reduced maintenance
- Requires no harsh chemicals

REUSE AND RECYCLE

- 100% recyclable*
- 30% recycled content on average
- 10% reprocessed linoleum

*Recycling facilities may not exist in your area. Transportation of the material may be required. Approximate percentage.

FloorScore® Indoor Air Quality: LinoSport is a FloorScore® certified product, representing the highest standard of indoor air quality in the industry.

Cradle-to-Cradle® doesn't just mean cleaner manufacturing, it also involves recycling and disposal at the end of the product's life. Closed-loop design ensures Tarkett Sports' LinoSports can be reused or returned to nature as biodegradable material.

LinoSport is Cradle-to-Cradle® Silver.

EASE OF MAINTENANCE

xf2™ surface finish is the latest development that allows Tarkett linoleum to withstand heavy traffic with minimal maintenance requirements. It is highly resistant to abrasion, contributes to lower life cycle costs, and most importantly never requires waxing or refinishing. With Tarkett's xf2™ finish, you can have the beauty of traditional linoleum without sacrificing the durability your space requires.

xf2™ BENEFITS:

- ▶ Micro-reinforced polyurethane UV treatment seals and hardens the surface
- ▶ A smooth matte appearance prevents accumulation of dirt and stains
- ▶ No need for polishing, stripping, or polymer waxing over the lifetime of the surface (with regular maintenance)
- ▶ Excellent resistance to abrasion, stains and chemicals

REDUCED LIFECYCLE COST

A new floor's lifecycle cost includes not just the initial investment, but regular cleaning and maintenance as well. With the xf2™ surface finish, LinoSport never requires a surface treatment, wax or polish during its lifetime. This reduces the consumption of water and detergents, and gives LinoSport a very favorable lifecycle cost.

SOUTH KINGSTOWN INSTALLS LUMAFLEX WITH LINOSPORT

.....

A PERFECT COMBINATION

“The LinoSport floor has been extremely well received by the public and staff for its durability, feel, and performance. It has been easy to clean and maintain with basic custodial equipment and there is no need for refinishing each year like hardwood! We have been lucky enough to be the host of many large events, from basketball games, track meets, volleyball tournaments and pickleball leagues, to craft fairs, yoga classes, and hoe-downs. Not once have we heard a negative remark about the floor.”

OPEN UP TO A WORLD OF DESIGN POSSIBILITIES

BRINGING FUNCTIONALITY TO BEAUTY

LinoSport can meet the challenges of today’s most demanding indoor sports environments. The natural composition of this adaptable sports flooring option actively contributes to hygiene and air quality.

For creative designers and architects who choose LinoSport, they are offered a wide range of colors and patterns with which to complete nearly any design vision.

INTRODUCING THE NEW LINOSPORT COLOR RANGE

Whether you’re looking to highlight the free throw lane with a contrasting color or add color beyond the sidelines or baseline to highlight the playing area, our new handpicked color range gives you a world of design possibilities.

				
MAPLE	BEECH	LINEN	STEEL	GREY BLUE
				
GREEN	PURPLE	NAVY BLUE	CARMINE RED	ORANGE

Colors used for illustrative purposes only and are not an accurate representation of the actual product. As such, its size, colors and materials may vary.

LINOSPORT 4.6 MM

LinoSport 4.6 MM is a truly unique sports surface. This linoleum sports floor is manufactured with all natural materials, including wood, linseed oil, cork, rosin, and calcium carbonate. It is the only shock absorbing sports surface that is also Cradle to Cradle® Silver certified.

- 1. xf2™ FINISH**
xf2™ finish increases abrasion resistance and decreases maintenance costs. Most importantly, it never requires refinishing.
- 2. LINOLEUM CORE**
Pure linoleum is made with natural raw materials that are naturally bactericidal.
- 3. JUTE UNDERLAYMENT**
A layer of natural jute provides strength & support.
- 4. SHOCK-ABSORBING FOAM**
LinoSport 4.6 mm includes Class 1 shock absorbing foam.

BENEFITS

- FLOORSCORE® INDOOR AIR QUALITY:**
LinoSport is a FloorScore® certified product, representing the highest standard of indoor air quality in the industry.
- EXTREME ABRASION AND SOIL RESISTANCE**
LinoSport resists soil and abrasion unlike any other gym floor. A LinoSport floor can sustain the harshest treatment from athletes without damaging the surface.
- REDUCED MAINTENANCE**
Thanks to Tarkett's unique XF™ Finish, LinoSport drastically reduces maintenance costs and the consumption of water, detergent, and energy.
- COMPREHENSIVE WARRANTY PROTECTION**
LinoSport is backed by a 10-year warranty that offers the highest level of protection in the industry.
- BACTERIA RESISTANCE**
The natural properties of LinoSport linoleum flooring inhibit and resist the spread of bacteria, improving hygienic conditions for athletes.
- LEED CREDIT QUALIFICATIONS**
LinoSport can contribute credits to facilities seeking LEED certification.
- CRADLE TO CRADLE® SILVER CERTIFIED**
LinoSport 4.6 MM is the only shock absorbing sports surface that is also Cradle to Cradle® Silver certified.

LUMAFLEX WITH LINOSPORT 2.5 MM

Lumaflex with LinoSport 2.5 MM is a Class 4, high performance competitive gym flooring solution that provides an unparalleled combination of performance, safety and comfort. By adding an area-elastic birch plywood sub-system to a point-elastic surface, Lumaflex with LinoSport provides athletes with the best of both worlds.

Resilient Point-Elastic Surface:

Lumaflex with LinoSport has the xf2™ finish that increases abrasion resistance and decreases maintenance costs. Most importantly, it never requires refinishing.

Lumaflex Shock-Absorbing Foam:

The Lumaflex shock-absorbing foam can be modified to accommodate different slab depressions. In addition to providing high levels of shock absorption, it is also GREENGUARD Gold certified as a low-emitting interior building material.

10 YEAR
PRODUCT WARRANTY

Uniform Structural Support:

These 18 mm birch plywood planks provide stability and a uniform structure for resilient sports surfaces. They are made exclusively from birch, one of the most stable species of wood.

Reliable Bonding and Assembly:

Each birch plywood plank incorporates an off-set, interlocking tongue-and-groove edge that is glued using Tarkett's specifically designed application nozzle. This allows fast and reliable installation.

LUMAFLEX BENEFITS

(with the LinoSport 2.5 MM surface):

- Engages two types of elasticity
- Very high levels of shock absorption and more uniformity.
- One of the best solutions for reducing fatigue and increasing comfort.
- Healthier Choice® foam underlayment is GREENGUARD Gold certified.
- The 18 mm plywood planks are made exclusively from birch, an extremely stable species of wood that provides a uniform structure for resilient sports surfaces.
- With the ability to hold events, the multipurpose advantage is an investment that will lead to long-term gains.

LUMAFLEX ELITE WITH LINOSPORT 2.5 MM

Lumaflex Elite with LinoSport 2.5 MM is a Class 5, high performance gym flooring solution that provides an unparalleled combination of deformation, performance, safety and comfort. By adding an area-elastic birch plywood sub-system to a point-elastic surface, Lumaflex Elite brings your game to another level.

Resilient Point-Elastic Surface:

Lumaflex with LinoSport has the xf2™ finish that increases abrasion resistance and decreases maintenance costs. Most importantly, it never requires refinishing.

Lumaflex Elite Cushion Strips:

Lumaflex Elite uses Tarkett Sports' Elite Continuous Cushion 1/2" x 3" strips of foam, which act as a sleeper system and provide Class 5 shock absorption.

Uniform Structural Support:

These 18 mm birch plywood planks provide stability and a uniform structure for resilient sports surfaces. They are made exclusively from birch, one of the most stable species of wood.

Reliable Bonding and Assembly:

Each birch plywood plank incorporates an off-set, interlocking tongue-and-groove edge that is glued using Tarkett's specifically designed application nozzle. This allows fast and reliable installation.

LUMAFLEX ELITE BENEFITS

(with the LinoSport 2.5 MM surface):

- Engages two types of elasticity.
- Elite levels of shock absorption and more uniformity.
- One of the best solutions for reducing fatigue and increasing comfort.
- Lumaflex Elite can be modified to meet height requirements, especially when replacing a wood floor within an existing recessed slab.
- The 18 mm plywood planks are made exclusively from birch, an extremely stable species of wood that provides a uniform structure for resilient sports surfaces.
- With the ability to hold events, the multipurpose advantage is an investment that will lead to long-term gains.

COMFORT & SAFETY

LUMAFLEX WITH LINOSPORT 2.5 MM

AREA-ELASTIC

Area-elastic floors disperse downward force over a wide surface area, engaging more of the surface area in returning energy to the athlete. They are mostly synonymous with wood flooring.

POINT-ELASTIC

The area of deformation on point-elastic flooring is much smaller than area-elastic systems; the surrounding areas of the floor remain relatively unchanged by activity in a particular area.

COMBI-ELASTIC SYSTEM

By engaging both types of elasticity, all Lumaflex systems with LinoSport respond to impact both locally and across the wider surface area. As a result of this dual response, they are widely regarded as one of the best sports floors for comfort, safety, and sports performance.

THE PERFECT COMBINATION

All Lumaflex systems with LinoSport combine point-elastic surface properties with an area-elastic substructure. This gives athletes significantly more comfort, thanks to great vertical deformation and cushioning, that they wouldn't experience with a basic area-elastic hardwood floor.
