

## ART JOURNAL AS A LEGACY

Wednesdays 9:30-12:00 in September & October

With Donnalyn Yates

### Art Journal Techniques

We will continue to explore building a richly layered page, this time by focusing on three fun approaches:

**Collage images-** Integrate everything from cut-outs from your own artwork to found, bought, and shared scraps of paper.

**Yupo-** Experiment with watercolor painting on yupo paper for a dreamlike effect.

**Gelli Plate-** Learn a simple printing method using pressed leaves and flowers. Perfect for interesting backgrounds and patterns.

### An Ongoing Creative Group!

Join our informal group to learn easy techniques, share ideas and resources, and create an art journal that expresses your personal interests and unique style.

Open to artists of all levels. Especially relevant for those who enjoy all kinds of media (collage, watercolor, ink, acrylic) and like to combine diverse materials.

Come and find out if this is for you! Drop in any Wednesday to participate or just to observe. For more information, contact Mary at [mjswellness@aol.com](mailto:mjswellness@aol.com).
