

# eat up

## CAPABILITY STATEMENT

### CORE COMPETENCIES

**Eat Up** is a mobile app for airport restaurants that allows travelers, employees and guests to browse, order, and pay for food from their mobile device.

We help our restaurant partners drive sales, stay ahead of competitors, and meet changing societal expectations. Eat Up was developed specifically for airport restaurants - we focus on mobile ordering and pickup services. Our app is fast and convenient for both restaurants and customers.

#### RESTAURANT BENEFITS

- ✓ **Additional Revenue**  
Reach more customers and bring in more orders.
- ✓ **Convenient & Easy**  
Excellent order management and support.
- ✓ **In-app Advertisement**  
Show you're open and ready for business, and what's on the menu.

#### AIRPORT BENEFITS

- ✓ **Brand Value**  
Greater levels of positive brand recognition.
- ✓ **Additional Revenue**  
Optimize non-airline revenue.
- ✓ **Safer Travel Experience**  
Contactless ordering, no waiting in line.

#### CUSTOMER BENEFITS

- ✓ **Quick: Skip the Line**  
Order-ahead and pick up.
- ✓ **Easy: Customized Food & Drink Orders**  
Orders can be placed from restaurant or gate.
- ✓ **Safe: Customers Pay Electronically**  
Secure and contactless transaction.

### KEY DIFFERENTIATORS

- Our instantaneous tracking system keeps you updated with the status of your order.
- Love what you had last time at that one place? Eat Up saves your orders/receipts right in the app for reference and quick reordering!
- WE ARE PASSIONATE ABOUT FOOD! Food is our only focus.
- Our app is super reliable and fast. We strive to be the overwhelming choice of travelers, employees and guests.
