Dear John,

I am writing to thank you for a job well done! I know that at times it can be very challenging to meet deadlines when it is necessary to coordinate a number of different people. I also know that you and your team did an exceptional job in doing so, and in doing it with a good attitude. There is not one person from your team of whom I can complain.

This speaks highly of you, as an organization can only be as good as its leadership. If there is anything I can do to help, or be of reference to others please let me know. Thanks again.

Sincerely,

A handwritten signature in blue ink that reads "Pecoraro" in a cursive style.
