Dear Ms. Corbett,

We write to you today to state that the Board of Selectmen in the Town of Arlington, Massachusetts supports the letter that you received from the Belmont, Massachusetts Board of Selectmen dated March 3, 2015.

We have communicated our concerns to Arlington's representative on the Logan Airport Community Advisory Committee, Francis Ciano, which resulted in the Community Advisory Committee voting on January 15, 2015 for the Federal Aviation Administration to reexamine its course of action.

The supported motion at that meeting was as follows: *"That the FAA re-examine Runway 33L RNA VSID, implemented in June of 2013, in light of the significant increase in noise complaints and negative feedback from communities since implementation and that alternatives or modifications be considered."*

Thank you for your attention to this matter and request that you take action that is consistent with the Community Advisory Committee's approved motion.
