

SIGN OF THE SON OF MAN

REVELATION 12 (2.0) RELOADED

Return of the King on 9-11?

*'Immediately after the [Great] Tribulation of those days: The Sun will be darkened, and the Moon will not give its light; the Stars will fall from the sky, and the Powers of the Heavens will be shaken. **At that time, the Sign of the Son of Man will appear in Heaven**, and all the tribes of the Earth will mourn. They will see the Son of Man coming on the clouds of Heaven, with power and great glory.'* -Matthew 24:29-30

Can the actual day of the return of Jesus be known or calculated? Will Jesus return on a specific Feast Day? Will the Tribulation Period start on a Feast Day as well as when the midpoint of the Abomination of Desolation occurs? This study will consider such prophetic time markers that are perhaps the most profound and mysterious calculations yet to be determined concerning what is left to occur in terms of Biblical prophecy. This is of course the return of Jesus Christ; no less than the greatest event in human history aside from His 1st Advent, crucifixion burial and resurrection. This study will consider the clues in a fresh new way that will show evidence that Jesus' 2nd Advent is tied directly to his 1st Advent, right down to the very day and Feast, respectively.

The purpose of this study is to consider that perhaps based on when the Sign of the Son of Man is to occur, that it could be tied to the subsequent depiction, astronomically of the Revelation 12 Sign that is to occur in 2029. Although the timeline presented might seem compelling and amazing, the day-count calculations will only be presented as a model for consideration and one is not emphatically declaring that such a scenario will materialize. The context and supposition? In the Olivet Discourse, Jesus gives specific clues to His Disciples, in the context of the yet future Tribulation Period pertinent to national Israel. That His return would be tied to a Celestial Sign appearing in the Heavens on the very day. What is this Sign? Is it Astronomical? Astrological? Metaphorical or Spiritual? Was it the Revelation 12 Sign of 2017 as a type or will it be?

The question came up in one of the online Blog posts from Revelation 12 Daily where Charles from the District of Columbia, D.C., posed the age-old question that many have spent countless hours trying to figure that out. The question was specific to the Revelation 12 Sign in that, where was the 2nd Sign? The 2nd Sign subsequently was tied to the 1st, of the 7-headed Red Dragon. Apparently, the 2nd Sign did not materialize soon after when the Virgo Sign appeared that many purported to have configured at least astronomically back on September 23, 2017. That was the Great Sign of Virgo that had Jupiter in retrograde for approximately 9 months in the 'womb' area of the Sign. It had the iconic Sun 'clothing' the Maiden and the Moon was at her feet as depicted in the book of Revelation. There were 12 Stars in the head region, etc.

Déjà Vu

Many believed that the Virgo Sign in 2017 signaled that the Rapture event was to have occurred then with the typology of the Man-Child. The compelling reason was that the word in the Greek was the actual term used to designate the suggested 'snatching' or rapturing-away of the Bride of Christ. Obviously, the Rapture event did not materialize, yet. Was the Sign even to consider of Rapture possibility? Yes. And what of the 2nd Sign, that of the 7-Headed Red Dragon? As one can sense, there were and are many layers to this prophecy and many have tried in vain to 'discover' what that 2nd Sign was and is all about. Is it yet to occur? Perhaps so, based on the following evidence presented. There is yet another Revelation 12 Sign occurring and that might be tied to when is the actual timeline of the Tribulation Period and the very day Jesus is to return.

First, the question is, what if the Revelation 12 Sign that occurred in 2017 was actually foretelling the year that the Rapture was or is to occur? What if the 1260-day count that is tagged along with the Great Sign is its 'signature' in terms of its 'Shelf-life', as in its prophetic expiration year? Not that on that specific day and time, the Rapture event will occur or has to. But what if the year has been inferred all along? Have that thought in the background. Second, the next question that came up in the online Blog conversation is what about the 2nd Sign of the Red Dragon? Well, the Sign, if keeping with the astronomical typology would have to be a celestial object as well then. Thus, the Revelation 12 Sign (2.0) reloaded in 2029 is presented. One is then of the opinion that the 7-headed Red Dragon motif will be the coming in the of the 2nd Sun, the Death Star, Nemesis, etc., that will be and is the Red Dragon of ancient lore and dread.

It was and is purported to have 7 planets or 'heads' as such. Well, if one searches the astronomical software to see when the next approximate Revelation 12 Sign occurs, that would be amazingly on September 11, 2029 (5790). What one proposes is that perhaps could this be the Sign of the Son of Man, that Jesus empathically said would appear at His return and the whole world would see? What is astonishing is that the day corresponds to the Feast of Yom Teruah or the Feast of Trumpets. Coincidence? It is believed by many that Jesus was born on -3 BC and likewise on Yom Teruah and on a September 11th. That day became His 1st Advent as the Lamb of YHVH to take away the sin of Humanity and open-up Life and Immortality back to Adam and Eve's race that had been lost in the Garden of Eden.

What if that same pattern is employed and in play in that Jesus will likewise return for His 2nd Advent on the same day and Feast, on a 9-11 and Feast of Trumpets? It so happens that in 2029, the day and Feast matches. More amazing is that on that day, the approximate Sign of the Revelation 12 occurs as well. This is a triple confirmation here. Coincidence? Thus, will this astronomical configuration on 9-11 of 2029 fulfill the Sign of the Son of Man then? Consider that Jupiter has an approximate 12-year cycle around the 'Houses' or Signs of the Mazzaroth or Zodiac. Jupiter is like the long-hand of a clock spanning '1 hour' at each hour, etc. And in so doing, it has its various retrogrades occurring, and thus speaks astronomically of a time achieved, etc. In this case, it will commemorate the 2nd coming of Jesus no less. What is also unique about the 2029 Revelation 12 Sign is that it also has the 3 planet that were in alignment in 2017.

Reverse Engineering

The planets are Venus, Mars and Mercury, and they are also present in the Revelation 12 Sign of 2029 but are scattered to key positions, nonetheless. Mercury, the Messenger is by the Sun at the head of Virgo. Then Venus is nested next to Jupiter, as if to catch or shield Jupiter exiting the womb and being 'birthed' out of Virgo. Then Mars, is by Libra, the ancient Sign of the Altar and Slaughter. All this is a conjuncture, but based on this alignment and date, one strongly suggests that the crossing of the path of Virgo, determined in the clockwise orbit will occur. One will see the appearance of the 7-headed Red Dragon Death Star, as if to devour the Man-Child, Jupiter on 9-11 of 2029, etc. But the question remains, will this be the Sign of the Son of Man? Realize that not all the details can be or are accounted for and this depiction is a generalization only.

But to strongly suggest that in investigating this 2nd Sign, the date of September 11, 2029 came up and based on this date, one can then 'reverse engineer' the dates by applying the special segments of 1260-day counts that will make up the 7-year Tribulation Period. Also realize that the day-specific count will be different if one uses the Gregorian generalization of 3.5 years as that is based not on a 360-day/year count but a 365-day/year calculation and one's figures will be off by about a month in so doing. Nonetheless, when the 1260-day count is subtracted from 9-11, 2029, the day falls amazingly on Passover of April 1, 2026. This would then confirm or strongly correlate it as being then the midpoint of the Tribulation Period. This will be when the Daily Sacrifices will cease by order of the AntiChrist as his true intent is revealed.

And what better time than to do that as to negate the Passover Lamb and ascribe all workshop to himself. This is also the midpoint where the False Prophet will be erecting an 'Image' of some sort that by it will make the 3rd Temple desolate by this abominable act on the Sanctuary. It is when the false Messiah of Israel will then enter the Holy of Holies and sit on the Ark of the Covenant that this study suggests will be rolled-out and placed in the 3rd Temple. Furthermore, it will be at that time that the final round of the vaccination will be given to the whole world. The 3rd round of the vaccination rollout will come in the form of a Microneedle Patch Array. It will help complete the promise of the coming AntiChrist in also upgrading Humanity 2.0 to interface the body with biogenetics. The 'Mark' will be dispensed to all and required from that point forward to buy and sell. And anyone not capitulating will be decapitated thanks to the Noahide Laws. How so?

The 1st of the 7 Laws will outlaw and consider blasphemy the worship of Jesus as being 'Lord and Savior' because it violates the 'Oneness' of GOD according to the Synagogue of Satan. Then from this midpoint of the Tribulation Period of April 1, 2026, if one then subsequently subtracts the 2nd 1260-day count, that day will occur on Shemini Atzerets of 2022. This '8th Day will occur on October 12, 2022. Thus, based solely on this reverse engineered calculations, one can then suggest, with some measure of confidence that the Tribulation Period would begin at that time. It is when the Daily Sacrifices are to be first made upon the Altar of Sacrifice that starts the total 2520-day count, all inclusive. It is not the Rapture event that starts the Tribulation Period nor the 'Confirming of the Covenant' with the Many that starts that Tribulation Period. It is the Daily Sacrifices that the Bibles prescribes the 2520-day count that is tied to the Revelation 12 Sign, etc.

Sign of the Son of Man Returning?

Thus, if this Sign of the Son of Man theory is true and valid, pertinent to the 9-11, 2029 Revelation Sign 2.0 model, then theoretically one can know when the Tribulation Period is to start, when the Abomination of Desolation at the midpoint is to occur and when the LORD Jesus is to return at the end, and even on the precise day. And that on that day, Yom Teruah of 9-11, 2029, the Sign of the Son of Man will appear in Heaven for all the world to see Jesus' return along with the Bride of Christ.

No doubt a 2nd Dwarf Sun then would be blazing with horns flaring out due to its proximity of the Sun. If such a depiction of the 2nd Sun is to fulfill astronomically the Revelation 12 description for September 11, 2029 on Yom Teruah, it would answer the whereabouts of the 2nd Sign of the 7-headed Red Dragon. Are there any confirmations that support this reversed engineered timeline since September 11, 2029? Here are some postulates which are provided as evidence; however, all the statements and this study are speculative at this point in time.

1. The September 11, 2029 date coinciding with Yom Teruah syncs with the Jubilee Year Cycles of 7-years. This is predicated on when Israel crossed the Jordan and into the Promised Land. If the Jubilee Years Count had been lost or unknowable, Jesus set the calibration of them when He proclaimed the Jubilee Year in the Synagogue of Nazareth in 28 AD.

2. This 28 AD year count is then also predicated on the birthday of Jesus truly being on -3 BC and on a similar Yom Teruah Feast day. This would reckon the years to be correct and how then Jesus was indeed 33 years old in the year 32 AD and died on Passover of April 14 and on Blood Moon that occurred near midnight over the Middle East.

3. It would also collaborate the 4-year allotment of Israel being given before it is to be 'cut down' from the Luke 13 account of the Fig Tree that produced no fruit. It is understood and accepted by many that indeed Israel is the Fig Tree Nation. And since 1948 when it was 'birthed in a day, the 70-year time marker was reached in 2018. This is of course going by the Psalm 90 classification and interpretation of what is and how long is a generation. Thus, if one adds the 4-year discrepancy to Israel's maturing in 2018, the summation takes one to 2022.

4. Lastly, also related to the Jubilee Year Cycle pattern is that the cycles are comprised of 7 years each. This is to say then that whenever there is a prophetic movement of YHVH upon history, it always occurs at the beginning of a Sabbatical Cycle. Meaning? It is one's estimation that the Tribulation Period has to occur then on a Sabbatical Cycle, at its beginning.

As to who and what will constitute the 7-headed Red Dragon? As presented, if the 2nd Sign could very well be the Planet X phenomenon, then such an ominous Sign would be seen in the daytime and in terror as it would also be the cause of the many worldview catastrophic judgments outlined in the book of Revelation. Such will constitute the Seal Judgments that will make men's heart faith for what they will see in the Heavens, and manifest on Earth. This then leaves the converse effect of what about the Rapture? When it does occur, it will conclude the Church Age commission. The point is that the Rapture event has to end on a year prior to the start of a subsequent 7-year Sabbatical Cycle. Thus, if one applies the 7-year Sabbatical Cycle based on the Jubilee count since 28 AD, the concluding 7th year then of the current 7-year cycle ends in 2021.

Prophetic 'Shelf-Life'

What does this mean for the present Church Age Believers or in terms of the Great Escape, the Blessed Hope, the Rapture event? This means that logically and mathematically, the new or start of the subsequent Sabbatical Cycle beings in 2022. Conclusion? The Rapture event of the Church Age Saints has to then occur sometime in 2021. And the year 2021 is when the Revelation 12 Sign of 2017 expires its 1260-day prophetic 'Shelf Life'. So, perhaps indeed, the 2017 Revelation 12 Sign has been signaling the year that the Rapture is to occur all along. The accompanying illustrated chart will depict the timeline from 2022-2029 and the Revelation 12 (2.0) reloaded then. The possible timeline will show the duration of the Biblical Tribulation Period of 7-years solely based on the 'Sign of the Son of Man' theory that reoccurs on 9-11, 2029 when the date is revere engineered using the 2 sets of 1260-day counts.

Thus, this study strongly suggests then that the Great Sign in Virgo of 2029, being a Revelation 12 (2.0) reload, could possibly be the Sign of the Son of Man configured at Jesus' return. Consider that the planetary arrangement depicted are just facets of Jesus' nature and character. Jesus, like Mercury was the 'Messenger' of GOD in that He heralded and proclaimed the Gospel to the world. Then Jesus is as the King Planet, Jupiter that protects Earth from asteroids. Jesus is as Venus, the Bight and Morning Star that Jesus Himself attributes its nature and description. He is also as Mars, the God of War. Ultimately, Jesus is the Destroyer, if the Death Star is to coincide with the Sign of the Son of Man as seen in Heaven the day Jesus returns. After all, Jesus is coming as the 'Destroyer' to destroy all that is against Him, his Bride and Israel.

Realize that all such attributes of the pagan 'Gods' and the celestial planets are all but prophetic glimpses of Christ Jesus' nature in metaphorical terms applied to the celestial bodies, etc. It has been the Enemy that has perverted and attributed the same qualities to fallen imitating Gods and mythos. But the real deal and authentic subject is Jesus. And the point is that this Sign approximating the Revelation 12 phenomenon will not occur in another 12 years out from 2029. This will no doubt put the Fig Tree Generation out of reach or its prophetic 'Shelf-Life' fulfillment and promise that Jesus Himself made. The promise was that the generation that would see the rebirth of the 'Fig Tree', that is Israel would essentially be the Last Generation to see His return. However, the next approximate astronomical depiction of the Revelation 12 Sign since 2017 does occur on September 11, 2029.

And this day amazingly happens to coincide with Yom Teruah or the Feast of Trumpets, Jesus birthday of 9-11, the configuration of a subsequent Revelation 12 Sign, a perfect day match to Feast days when revere engineered to a Passover midpoint and Shemini Atzerets Feast at its beginning, exactly 2520 days apart. Shemini Atzerets is called the 8th Day Great Assembly and occurs after the 7-day Feast of Sukkot or Tabernacles. It is when the King of Israel reads aloud the Law. Thus, as a usurper, could the coming False Messiah Israel will accept in his 'own Name' gather Israel to read to them the 'New Law'? It could be a time to have him be recognized formally as Israel's King, Messiah and have then the Daily Sacrifices start as a commemorate of this coronation. It is possible if this timeline that seems to be 'perfect' is what will transpire. Time will tell.

This 'Pentecostal Intermission' or the Church Age is occurring presently. The Gentiles are being grafted-in to Jesus until the last Sabbatical Cycle of 7-years has been completed. And that year will be 2021. The Church Age concludes with the Rapture just before the Tribulation Period begins with the start of the Daily Sacrifices 2520-Day Count. To reiterate, one is of the opinion that 'astronomically', what the 7-headed Red Dragon will look like, will be the debut, flyby and appearing of Nemesis...the Red Dragon 2nd Sun. This is the Black Sun, the Death Star, etc. It will come from up, under the South Pole, then over and counterclockwise from the Ecliptic of where the Sun and planets travel on. It is the binary Sun, Nemesis that will have 7 satellites or planets, thus the 7 Heads. One is not sure of how beyond that astronomically the number 10 factor comes into play. It could be that some of the planets like Nibiru has a Moon or two.

But to summarize and reiterate, that if this calculated timeline 2022-2029 year model is correct, then one is now able to ascertain the beginning, the middle and the end of the last 70th Week of Years Daniel sought to understand but was informed that such knowledge was for the Last Generation. In these last years, and even months, many are coming together to contribute to each other's work and compliment what the LORD Jesus has shown each. For sure, as the years and months are coming to a close for the Church Age, the words told to Daniel ring true of how the knowledge and Signs were to be understood only in the Last Days. Can it be the case that if not months away from this study being written that such revelation and understanding has been given for the Last Days and the Last Day's People? Imagine how much of a privilege it is to engage in understanding such clues and Signs and receiving them. And for what purpose?

It is to get the word out to warn Jesus' flock and prepare them of what is at hand. To have hope and discernment but with caution. May the Church Body be listening and receiving it all as well as those outside that needing salvation as the Time of Jacob's Trouble will be horrific. Jesus warned of an escape during His Olivet Discourse, but a Great Escape has been provided now in the Rapture event. This is afforded now while one has the opportunity to come to Jesus before the Rapture event occurs and the world is thrust into the Darkest Winter of its sad history since the 1st Adam. If indeed the closing months are before the Bride of Christ, the urgency is to warn others within the Church Body to 'get right with Jesus' and those without to get Jesus because what is coming is so dire. But for sure these are ominous and amazing times to see all that the LORD Jesus is showing His People for those that have eyes to see and ears to hear. May this Last Generation of Watchers be faithful to see His Face and hear His Voice!

In summary, the prophecy of the Revelation 12 Sign itself is like a layered cake. And is only highlighting what one sees is pertaining to 'this side' of the Revelation 12 Sign before the Tribulation Period begins as a sort of 'Chiastic Mirror' of the Sign, all inclusive. It does appear that there is the chiastic mirror effect in play. The Sign, appearing astronomically in 2017 is evidence of the case since the true one is yet to occur during the Tribulation, exactly at the midpoint as one can argue that. The actual 1260-day factor occurs truing the Tribulation Period, but one can then deduce the timing as it states that 'in the midst', the Daily Sacrifices are ceased, etc.

Such are the clues one is being selective in, knowingly and thus formulating one's thesis around them. And one makes this assertion emphatically from the beginning, so no one can say, where are you getting your theory from or calculation? Thus, one can then prophetically assume, a mirrored 1260-day chiastic effect occurring before that time to complete the 2520-day total count within the Tribulation Period. So, yes, taking some prophetic liberty to correlate that chiastic 1260-day factor and extrapolating it to the present situation now as the Sign did occur astronomically back in 2017.

And that is why one is then imposing that similar 1260-day factor to it. It is only an overlay effect and yet to be tested, of course. As to the Venus depiction as a type of Christ coming to 'rescue' Jupiter? It is as in the literal shielding and protection of the Jewish believing Remnant then and there that will occur at the midpoint of the Tribulation Period then. Yes, all that depiction then sets-up the scenario for the Remnant to be protected, in Petra as many purport but then for a certain group to be raptured out, if the Sign is to then be correlated to a literal fulfillment.

And this 'Rapture' event, at that time would then payout and could very well be the 144K that one does argue are 1 of the 7 Raptures or 'Translations' that occur in the book of Revelation. So, as to seeing all this payout astronomically in 2029, it is to be seen. That is why one is only suggesting that it will be based on how the entire 2520-day count falls on the 3 Feasts, precisely. And that it will perhaps be the Sign of the Son of Man that Jesus said would also occur in Heaven and that ALL the world would see. And that on this day, that Sign could then be the Revelation 12 (2.0) and occur in tandem with His return then. So, lots of moving parts and for sure a refinement is to be made as Christ Jesus reveals further still as not all of the pieces are covered or can be explained.

The calculation of the Feast Days using the 'reverse engineered' count from September 11, 2029 is +/- 1 day as the Jewish reckon days the Sunset the day prior and consider also the time zone differences.
