**FOR IMMEDIATE RELEASE**

## **Autism Center for Children Announces a Rare Opportunity: Immediate Treatment Openings**

***Autism Center in Woodstock Currently has a Limited Number of Openings for Its Renowned Treatment for Toddlers Aged 15 to 24 Months Recently Diagnosed with an Autism Spectrum Disorder (ASD)***

Woodstock, GA – October 1, 2018 – Autism Center for Children, a practice advancing early diagnosis and treatment of autism in toddlers, today announced it has a very limited number of openings for immediate treatment of toddlers recently diagnosed with an Autism Spectrum Disorder (ASD). In addition to accepting insurance including Aetna, Cigna and more, the Center now also accepts Private (Self) Pay options for treatment services. Dr. Crittendon – licensed clinical psychologist, Ph.D., BCBA-D, and the head of the Autism Center for Children – outlines the following parameters for its newly announced openings for treatment:

- Limited opportunities for no waitlist, 5-star-rated intensive ABA treatment
- Immediate openings for treatment that can start this first week of October, 2018
- Up to 35 hours of therapy per child per week available
- Toddlers 15 to 24 months who have been recently diagnosed with an autism spectrum disorder (if families have concerns about autism, the Autism Center also offers comprehensive evaluations)
- Families living within a convenient 10 mile radius of the Autism Center for Children’s main office in Woodstock, GA

“We are very proud to announce this very rare opportunity: we have a very limited number of immediate openings for treatment” declares Dr. Crittendon. “Parents of toddlers age 15 to 24 months who have recently received an autism diagnosis through our clinic or elsewhere can now take immediate advantage of these limited early intervention slots. As always, it is our mission to provide autism services, resources and treatments that help deliver the most immediate, profound and lasting

improvements in quality of life. Combined with our new Private Pay option, this opportunity makes the Autism Center for Children’s renowned treatment services more accessible than ever.”

Under Private Pay, the client has access to any treatment services provided, but can utilize their personal funds or insurance plans to pay for services. Services can be customized to fit the needs of the client. The Autism Center for Children also accepts insurance including Aetna, Cigna and more. Parents, pediatricians and other referral partners can contact us today at 678-996-4998 for more information.

For more information on the Autism Center for Children or for these immediate treatment opportunities, visit [www.AutismCenterGA.com](http://www.AutismCenterGA.com), follow us on Twitter [@AutismAtlanta](https://twitter.com/AutismAtlanta) and Facebook at [www.facebook.com/AutismCenterGA](http://www.facebook.com/AutismCenterGA).

### **About the Autism Center for Children**

For parents concerned about their toddler's social communication development, the Autism Center for Children provides accurate identification and treatment of autism – at the earliest possible signs of detection – for the most immediate, profound and lasting improvement in their quality of life.

Dr. Crittendon is a licensed clinical psychologist, Ph.D., BCBA-D, and the head of the Autism Center for Children. Her practice is a culmination of her work at Ole Miss, Kennedy Krieger Institute/Johns Hopkins School of Medicine, University of Tennessee, Vanderbilt University School of Medicine and with the Autism Partnership in California. The Autism Center for Children offers an increasing range of insurance coverage options for assessment and treatment of autism, and serves families in Atlanta and North Georgia from its main office in Woodstock, GA, located just off I-575 North at Exit 7 (Highway 92).
