- ⇒ Project & Program Management
- ⇒ Construction Supervision/Management
- ⇒ EPC Contract Formation, Negotiation, Administration & Management
- ⇒ Concession Advisory & Negotiation
- ⇒ Sectors served: Maritime, Multi-modal, Oil & Gas, Power

URBAN PLANNING & PUBLIC ENGAGEMENT

CAS Group supports participation of residents and stakeholders in urban planning, public policy, and development projects. Sample services include:

- ⇒ Design of Public Engagement Initiatives
- ⇒ Outreach & Publicity
- ⇒ Tools for Public Input
- ⇒ Event Planning
- ⇒ Facilitation / Facilitator Training
- ⇒ Policy Formation
- ⇒ Technical Writing
- ⇒ Sectors served: Visioning, Disaster Recovery & Reconstruction, Economic & Industrial Development, Housing, Community Development, Transit & Transportation

Differentiators

EXPERIENCED

CAS Group provides consulting expertise in support of urban planning and infrastructure projects across the US and around the globe. Our team of experienced staff is drawn from allied professions to bring a unique understanding of the social, regulatory, technical, financial, and practical considerations that are key to your project's success. We bring a principled, innovative yet practical, and results oriented approach to each project.

RESPONSIVE

CAS Group has capabilities to support your project from concept to completion. We provide technical advisory services for complex infrastructure and construction projects – both land and marine based – as well as public participation, community development, and planning initiatives. As a privately-owned consulting firm, CAS Group can focus on each client's unique needs, respond quickly and effectively, and take on projects big and small.

EFFECTIVE

CAS Group has participated in projects across the United States and internationally for both private and public clients. The firm has distinguished itself as responsive, innovative, a trusted advisor, and a valued partner. We have strong relationships with repeat clients because they know we focus on providing the highest level of service as part of a project team.

We are dedicated to your project's success and we deliver.

PAST PERFORMANCE

CAS Group both leads projects for clients or serves as part of a larger project team. CAS Group works on both public- and private-sector projects bringing a valuable perspective to community and infrastructure development. Below are sample projects.

CAS Group's Representative Projects from left to right: Program Manager, \$1 Billion Power Plant, Salem, MA; Public Engagement Specialist, NYC Housing Authority, NY, NY; Owner's Representative, Transload Facility, Fairview, ND; Public Engagement Specialist, NY Rising Community Reconstruction Program, Nassau County, NY; Development of a pipeline and associated marine loading terminal in Port Arthur, TX; Development of an LNG Receiving terminal in Dominican Republic (over \$500 million investment); Community Assessment – Expanding Industrial Opportunities, City of Unalaska, AK.
