WHEREAS, COVID-19 is a severe respiratory disease transmitted by person-to-person contact, or by contact with surfaces contaminated by the virus. In some cases, especially among older adults and persons with serious underlying health conditions, COVID-19 can result in serious illness requiring hospitalization, admission to an intensive care unit, and death; and

Motion # 58-2020

Approve Minutes

Motion by Kline and seconded by Spieker to approve the April 6 and April 20, 2020 meeting minutes. All members voting yes. Motion carried.

Emergency Measures Discussion

City Attorney Chad Fjelland explained the motions. Resolution #852 can be rescinded because it was replaced by Ordinance #562. Ordinance #563 would repeal Ordinance #562 which closed salons and dine in restaurant service; Ordinance #564 would create the fines and enforcement rules should Ordinance #565 be passed. However, Governor Noem’s executive orders supersede any city ordinance and we could just follow them.

Kerry Kline presented the plan that the salons intend to follow to ensure safe practices. Most audience members spoke and Mayor Caron was asked about Watertown’s intent. A lengthy and well thought out discussion was had on how would the City enforce any additional restrictions and how those restrictions would apply to Clark businesses. It is believed that Governor Noem’s task force will define who is included in the 10 or more allowed in an “enclosed retail space that promotes public gatherings” within the next couple of days. The question was it is necessary to be more restrictive than what is in the current executive orders, specifically 2020-12. Any future Executive Orders will automatically apply to the City without any actions from the Council. It is important for businesses and residents to keep abreast of these executive orders.

Public Input

Kevin & Jill Zobel voiced concerns on a drainage issue at their property located in the southeast part of town. Zobel states neighboring construction has altered the natural flow of water and improper drainage has killed trees and damaged property. Fjelland states neighbors can maintain property within a “reasonable use” and if that is questioned, it would be a civil issue, not a city issue. Zobel requested the City have a hydraulic watershed test to determine how water drains. City has Helms & Associates performing a storm water study and will follow up with them.

Representing the Fire Department, Shane Hagstrom, states they are not asking for financial assistance at this time to purchase a Jaws of Life. They have a loaner one as the unit they ordered has a 8 week lead time.

Revenues are up and an investment in kitchen equipment is needed to keep up with the food demands. Luttrell and Rusher presented quotes from Maxwell Food Equipment for new equipment and necessary fire suppression venting. Funding from balance of improvement budget and additional revenue already exceeding last years. Luttrell is applying and receiving COVID Cares funding. Swimming pool’s last day is August 11. Schlagel Seat

Bill Krikac brought up Terry Schlagel being recently elected to County Commissioner and was questioning the legality of retaining both seats. Chad Fjelland stated there was an Attorney General's decision stating there is no conflict to hold both seats. Luttrell explained that should the seat vacate, the council can leave the seat open until the next election in 2021 or the council can appoint his replacement. The outgoing council does not pick their replacement.

Meeting adjourned at 8:30pm.
