

**Position Title:** Composting Technician

**Schedule:** 2-3 days (16-20 hours) per week with potential to expand.

**Compensation:** \$18-20/hour starting wage

**Summary:**

Elements Mountain Compost is seeking a composting technician to support the weekly collection and processing of food scraps to create compost. The position involves driving a large pickup truck (no CDL required), moving and cleaning bins, and sifting and bagging compost outdoors in a variety of weather conditions. Additional duties may include communicating with current and potential customers, staffing farmers market events, turning compost piles and general site maintenance. No composting experience required, paid training is included but candidates must be dedicated, self-motivated and able to work independently.

**Required:**

- Clean driving record and comfort driving a large pickup truck with dump bed
- Ability to walk, sit, stand, crouch and lift up to 50 lbs
- Ability to work outdoors, in variable weather conditions
- Passion for sustainability

**Preferred:**

- Experience working outdoors and performing manual labor (farming, construction, etc.)
- Experience operating heavy equipment (tractor/skid-steer/etc.)
- Experience driving with a trailer
- Familiarity with google drive, spreadsheets and reporting technology
- Comfortability with public education, sales and/or marketing

**To Apply:**

Send a resume or description of qualifications to [info@elementscompost.com](mailto:info@elementscompost.com).
