Department of Corrections

### Core Competencies

**Purchasing:** Our expertise is in purchasing and logistics. Our staff are experts at requirements gathering, estimating, sourcing, and meeting specifications. We know the questions to ask to reduce risk and ensure you get the product you need.

**Logistics:** Designated staff that focus only on product delivery ensuring that your order is delivered successfully. We manage shipping and delivery, and returns as necessary, providing you with all your options, and managing the details so you don't have to.

**Paperwork:** Our processes are succinct and tie into your systems. We're automated, with all documents containing everything you need to process your work easily. We know your systems, we understand your pains, and we do everything possible to ensure a pleasant and efficient process. That said, we're also very flexible, friendly, and happy to help with those items that fall outside of the box.
