### There are NO working vs. auditing spots

All participants may bring a dog if desired (except instructor audit spots). Seminar format is lecture, demonstration, and some audience participation. There will be opportunities to work with dogs on problem solving and mastering new skills. Dogs will be worked, but not every dog will do every exercise. Problems addressed will be based on participant submitted questionnaires.

During the workshop, all dogs will be quiet and well behaved and will not in any way disrupt or disturb the workshop. If not, the owner will remove the disruptive dog from the building for the remainder of the workshop.

Join us Saturday evening for pizza and informal discussion with Diane (Free to all registered attendees).
