September 27, 2019

Good afternoon Families,

As you know, MAP testing began this week and will continue into next week for the elementary school campus. Making sure that your child goes to bed at a reasonable time, eats a healthy breakfast and brings in a healthy snack/lunch will give your child the good start he/she needs to do their best in school and during these test sessions.

Once all the MAP testing has been completed and teachers have been able to review their class reports, we will be sending out information to you to help you understand the data in your child's report.

Marks close for progress reports in grades 4-8. Parents will be locked out of EDGE today as teachers get in their final corrections and grades. EDGE will be reopened when the progress reports are complete and parents will be notified via the virtual envelope next week.

Next Tuesday, students at the elementary campus will attend a presentation by Officer Phil. He comes to us annually to promote safety to our younger students.

Next Wednesday will be our first Special Meal Day because Webster Public Schools is on a half day schedule. This means that there will be no afternoon buses, and no hot lunch – which is the reason behind the special meal. This is the case each time there is a half day in the public-school district. New this year, our bake sale will happen separately but concurrently at each campus. The proceeds from bake sales (treats are sold for 50¢/each) help to off-set the expense of bussing during field studies for each class. Nearly every month there will be a Special Meal Day and a Bake Sale. The classes responsible for providing baked “goodies” for the bake sale next Wednesday are PreK and Grades 7/8. Remember to send in some change too!

Good luck to our soccer team today! They have their first game away in North Grosvenordale, CT. Go Knights!

Happy first weekend of fall!

Yours in Christ,

Joan E. Matys
