8. It has been explained and I understand the nature of this particular outdoor range. Specifically, this facility is located in a remote rural setting far from any medical facilities. includes other dangers not typically present with other facilities. These other dangers include, but are not limited to, poisonous snakes, wild and potentially dangerous animals (i.e. wild hogs, coyotes, mountain lions and others), and rough and rugged terrain upon which it is possible to sustain various physical injuries. I hereby acknowledge all of the inherent dangers this type of facility presents and voluntarily accept responsibility for all of these potential dangers in exchange for the opportunity to use this facility.
