| 1677 | Wm. Becker | #43 - L4: Sentence beginning "Soon after the building..." should read "In 1882, soon after the building of his fine new home on his east side property (ERI-1635), Becker acquired a winery and 18 acres of vineyards from Titus Hamilton on Ward Rd. On this property, about three years later he built the present house a short distance south-west of the winery. Oral tradition suggests that it was built for his son, William F., who did assume management of the winery for his father." (See Becker Winery ER-360) William F. Becker is also shown to have lived on Division St. with Henry Jordan, c1910. (See ERI-1592) (1910 Census & Kurt Boker) |
