

THE PALESTINIAN STATE

The illustration seeks to depict the 66th UN General Assembly meeting of September 13, 2011 debated between the 21-23rd and the 26-30th (Rosh Hashanah) over the Palestinian people's question of statehood. It can be found under the UN's Provisional Agenda, Section B. Maintenance of International Peace and Security, Item 36. Question of Palestine (Resolutions 65/13 to 65/16). The Bid was submitted and headed to the Security Council; 9 Member Votes were needed. President Mahmoud Abbas of the Palestinian Authority sought a UN Ratification to that affect. The Palestinians also want EAST JERUSALEM as their capital. East Jerusalem would incorporate the Old City that has the Temple Mount. IF ratified, this means that Israel's land will eventually be divided as foretold by a divine warning to the contrary in the Book of Joel. IF the UN Does ratify and recognize Palestine as an Independent and Sovereign Nation, then an event like this could lead to Daniel's "Confirming of the Covenant" of the Last Prophetic Week yet to be fulfilled soon sometime thereafter. The ratification of statehood for Palestine will most likely be in exchange for 'Peace and Security' for Israel to be 'guaranteed' for at least a 7-year period.

POSSIBLE CONFIRMING OF THE COVENANT WITH THE MANY

SOME OBSERVATIONS

- The overlay Daniel's last Prophetic Week day-counts of 1260, 1290, 1335, 2520 and 2550 will be plotted onto the current decade timeline.

- The timeline is not establishing when the time period is for the last Prophetic Week of Daniel; but only show how significant the day-counts match. The Tribulation Period is not from 2018, most likely will occur later.

- The timeline is superimposed with the Lunar Tetrad as the center stem of a prophetic Menorah Pattern. It is sectioned off with the 2 Bull's-Eye Blood Moons that are exactly 7-year apart— as if announcing a 7-year period coming up ahead.

START DATES TO THE COVENANT?

The possible 'start dates' that could fit Daniel's Last Week of Years has to be sometime beyond Israel's 70th year anniversary. Regardless of which date or Jewish Feast it could be, the Jewish Feasts or "Moeds" of the LORD are marked by precision timing related to celestial markers. What is striking is that if the March 20 total solar eclipse was a sort of Mid-Point, it could be echoing the pattern to come with a similar 'midpoint' that will also occur.

This would be the ideal time for the Anti-Christ to command a start to the Daily Sacrifices and dedicate the Temple by bringing out the Mercy Seat proclaiming himself to be the Messiah; what better time than at a Feast Day. If it so happens to be on a celestial occurrence, even better, it would led credibility and divine right to his claims of Messiahship.

The Great Tribulation would ensue for the remainder of 3.5 years. Many believe the first 3.5 years have already been fulfilled in Christ's first coming. Maybe it is a dual-layered prophecy.

Another interesting correlation is that the year 2018/5778 corresponds also to the "8th Day" of the Great Assembly and the Hanukkah Feasts therein of that year. As many are aware in Biblical number studies, 8 signifies a 'New Beginning' Perhaps this is when the pre-requisites start the countdown to the 3rd Temple and subsequent last Week of Years, per Daniel's count.

PALESTINE DEMOGRAPHICS

NAME: Palestina; Arabic: فلسطين Filastin
ORIGIN: Cognate of the word 'Philistines'
CAPITAL: East Jerusalem (Unofficial)
LAND: Gaza & West Bank Territories
POPULATION: ~3.3 mil Gaza and West Bank
~3.0 mil in Jordan refugees
REGION: Mediterranean Sea and Jordan River

What is lacking is an "EVENT" that perhaps will bring this Treaty to the forefront of world politics. Some Biblical scholars assert that an independent and sovereign Palestinian State will never materialize. This is to be due to certain key eschatological events yet to unfold; mainly the Psalm 83 War and destruction of Damascus Isaiah 17. In both cases, Israel is prophesied to be victorious and actually will expand its territory to include portions of Jordan, Saudi Arabia and Syria.

Menorah Pattern

DANIEL 9 and 12 PROPHETIC WEEK

There are 3 time periods in Daniel related to the Year-Day principle. There are the 3 1/2 Years ('Time, Times and Half a Time') or 1260 Days, then 1290 Days and 1335 Days.

- The "WEEK" is a Hebrew "Seven" of Years
- 7 Years x 360 days = 2520 days
- 2520 days divided in 2 equal halves = (1260 + 1260)
- 3.5 Biblical Years is 3.5 x 360 or 1260 days
- A Biblical Year is 360 Days made up of 12 (30 Days)

1260 DAYS = 30 Days x 42 Months

1290 DAYS = 30 Days x 43 Months

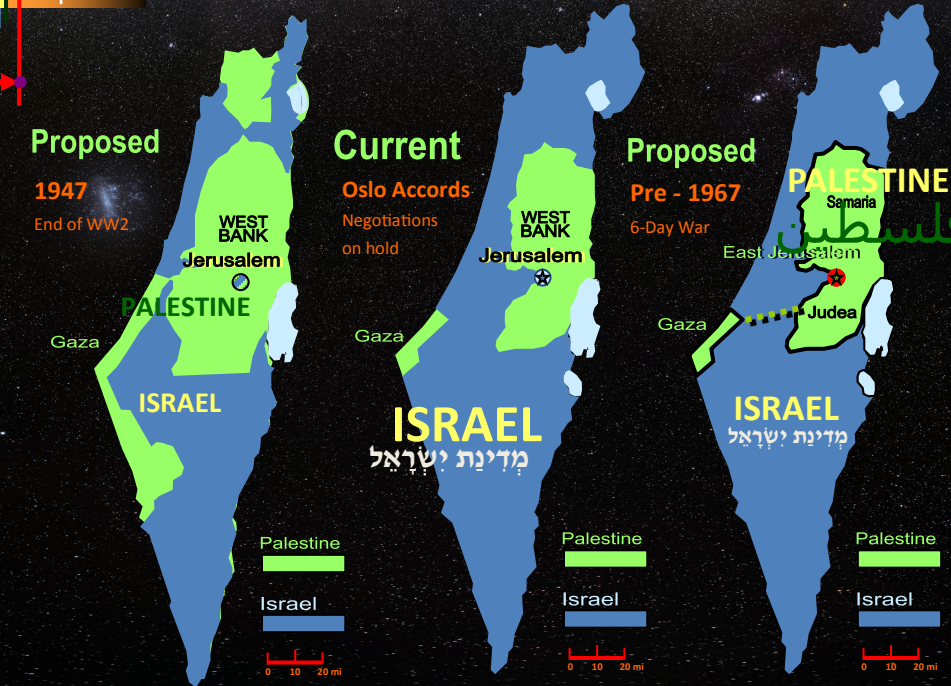

REV. 12/13: SOME HIGHLIGHTS AFTER THE 1260 DAY MID-POINT

- Covenant or Treaty broken at mid-point or at 3.5 Year mark by AntiChrist
- The BEAST is given power to stop the Temple Sacrifices and war with the 'Saints' from that point
- The WOMAN (Israel) flees to wilderness for the 2nd half of the '1260' to be protected by YHVH

THE RESOLUTION OF THE 'MANY'

The various renditions of the Peace Talks have interestingly proposed a 7-Year Land Lease peace deal between Israel and the Palestinians at the expense of dividing Israel's land. By superimposing Daniel's day-counts, some particular and interesting end results with a 'Menorah-like' pattern pegged to certain celestial 'Signs'. This Menorah date pattern perhaps correlates to when the 'confirming' of the Covenant might occur. Starting from Yom Kippur 2011, a correlation with the TETRAD Blood Moons and subsequent Jewish Feasts at specific 'end dates' occur. These scenarios are only speculative but lend themselves to a highly watch period. The end dates and correlation to Jewish Feast are suggestive of a possible 'season' that could have prophetic ramifications given the volatility of the Middle East.

The following is a geographical progression of territory that first was proposed by the UN Partition Plan after World War 2. This option would have avoided decades of bloodshed on both sides. Palestine would have had its country and so would Israel. This Partition Plan was rejected by the Muslims that initiated an all-out attack and war ever since May 15, 1948. Prophetically speaking, at some future point in the current Muslim-Jewish conflict, a 'Confirming the Covenant' will be ratified. Perhaps the Oslo Accords is this 'Covenant' that has the framework already in place to be initiated.
