Conferences

21st Century Sunday School

Breathing New Life Into Your Church School

The church's teaching ministry is one of the most important ministries of the church. An effective teaching ministry allows persons to be taught the who, what, why, and how of all of the others ministries in the church. Therefore, as persons are taught from the Word of God they learn how to be more effective in each area of the church's ministry – from the pulpit to the door and into the community and the world – persons gain biblical understanding of why and how to be and do what God requires of each of us!

Therefore, the 2019 Church School Conference will assist participants to...

1. Articulate the purpose and vision for a 21st Century Church School
2. Recognize strengths and weaknesses of the Church's teaching ministry
3. Explore essential practices for creating a 21st Century teaching model that empowers the whole church for effective ministry
