

Dear Parents:

Welcome to Youth-In-Training at ETS – where we help teenagers become mature, responsible, secure adults. We provide opportunities for positive growth, productive relationships with peers and adults while encouraging a desire for lifelong learning. Activities available for youth & character development include:

1. Self Awareness Workshops
2. Financial Literacy
3. Helping Others/Volunteerism
4. Education Support Services
5. Entrepreneurship
6. Career Exploration
7. Cultural & Performing Arts
8. Writing/Poetry

Young adults need support and guidance in order to become the best person he or she can be. We recognize this, and would like to help make the teen years a memorable and rewarding experience.

We offer three (3) sessions through the year Fall/Spring/Summer. A certificate and a stipend of \$250 is available at program completion. We look forward to working with you and your child. Please, feel free to contact us (eagertoserve.org) at any time to obtain more information or call 5162239592 discuss the program.

Thank you,

"Everyone benefits when children become secure, responsible, mature adults."
