Public Comment: DeSilko - there was no funding listed for any of the bills. Current owner of 1538 Fowler (vacation rental) told how the home had been in the family for over a century and she bought it when her uncle was 104. He had inherited from his father and died last year at 106. Over the years the family often gathered for reunions, etc. and she, who now lives in Georgia, wanted the home to still be available for the family but it could be rented out when not in use by the family. - wonderful story.
