Facebook

Go to my FB page, Woman Wise AWESome Adventures, and LIKE it. You will receive updates and information about participants and instructors. It's fun to see where everyone is hailing from for the event and what they want to learn. Two to three months prior to the event, you can be added to a private FB pages for WWaa Alumni to coordinate rides, share car rental costs, and find a roommate. That way, all that information is not on regular FB but a private forum. I'll be in touch about that in April.

Catered Lunches

Buffet lunches are held at the WWaa conference room at the Ashley Inn. They cost **\$12.75** each and are delicious. Dinner is on your own so you're free to explore the town, hike, get a massage, or take an art or yoga class.

Balancing Activities Massage, Yoga, and Art Classes

These activities are offered to balance the intensity of flight instruction. They are affordable, soothing, and fun. Rates will be posted on my FB page soon.

Colleen can adjust **massage** to your specific needs. 208-631-6996.

Dianna can offer sunrise **yoga** classes for pilots who fly 8 am or later. And another class can be offered at 10 for the early birds who arrive after flights by 9. 805-689-5591.

Teresa will offer **Plein Air art classes** in the great outdoors and warm summer temperatures. She will also offer an aviation themed **Sip and Paint** one or more evenings. Classes at fly-out camp TBD. 703-932-4685

Sign up for these activities at the event OR book before you arrive
(Not before May please).

Private yoga and art classes can be scheduled too.

Please tell me what attracted you to this seminar?

Woman Wise AWESome Adventures REGISTRATION FORM

What do YOU want to gain personally from this seminar in life and flight? Use back of form for additional space if needed.

How did you hear about the symposium?

NOTE: WWAA begins **NOON on June 27** through NOON July 1. Be here the night before if you can because introductions happen first and you may feel less connected if you miss that. Make flight arrangements, car rental time (give 2-hours to get from Boise to Cascade), and other flight arrangements enough time to be present NOON on Day 1. THANKS. I really appreciate your efforts to make WWaa run smoothly.

There is some possibility that flight instruction can start from Boise to Cascade (probably 1-hour flight time). I will post instructors who are available for this on WWaa Alumni in April. It isn't an easy thing to arrange as instructors are already at or enroute to Cascade themselves. But, WWaa may have some options for a few of you who wish to begin instruction right away. Mountain flight, navigation, orientation to a new airplane...

You will soon experience the advantages of adventure-learning, WOMAN-WISE STYLE. WWaa promises to be an exciting highlight of your whole year!

See you in June!

Bring enthusiasm, a deep heart, and a thirsty mind!

You will become more confident, clear, and joyful.

Contact me via email or phone as needed.
