

RC Merry Garrett

Greetings Abate family.

It's been a month of sadness for many in the state. We lost a great hardworking man. Wally RC from region 3 will be very missed. We also have been praying for another member in the UP. Hit by a distracted driver of course. When will it end? The signs say look twice but people are not even looking once.

So, our region is sending strength love and prayers for all that need them.

The Freedom rally is September 29 so by the time this comes out it will be done. I hope that you came and stood with your brothers and sisters. There is so much that is going on and it's confusing and frustrating at the same time. Masks, riots, rudeness and just plain not giving a damn. We as an organization and a family have to stand together and support each other. The laws are against us at this time. Can everyone stop and take a minute to call or email your reps.

We will have had our Halloween in September party, so I'll let you know who dressed up and decorated their campers and of course enjoyed a campfire. According to today we need a dang big fire.

Our meetings will resume at Roadside in October as long as the governor doesn't shut us down. So back to sitting down and getting stuff done. I'm hoping everyone comes out. Cricket will have a lot to catch us up on and with the election right around the corner we need to know who supports motorcyclists and believes we deserve the same rights as everyone. Please try to make it October 11 at 1:00. We also will be getting ready for elections of officers so if u want to run for RC, co-RC, treasurer, secretary or LO let me know. The Christmas party will be talked about and we will decide if we want to adopt a school again. It was a great thing last year. So, see lots of ideas and opinions needed.

With all this said please remember something very important. We all have opinions we will agree, or we will disagree, but we must not hurt or make someone feel less if they don't agree with you. I'm seeing it every single day in all walks of life. So, hold on to your happiness life is short.

Hope you get some more riding in this year. 2020 has not been a good one for all of us. But the hope is there to make it better. So, ride with the wind, the sun in your face or the moon shining on your back. Enjoy life hug your family. Till next time. Peace

Merry
