DESCRIPTION: RARE great looking and performing high-end vintage recurve. Staghorn bows were known for quality and accuracy. White face limbs; forest green back limbs. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips or dings. No crazing or stress cracks; A few minor scratches and nicks here and there. Decal is in excellent condition. The only flaw is a repaired 1/2" superficial crack in the glass about 5" below the tip of the lower back limb (see pics on last page). I have shot this bow several times, and it is a great bow for its age. This bow sold for \$70 in 1960, which translates to \$700 in 2022 inflation adjusted dollars. DOES NOT COME WITH A STRING. Since this was a non-standard 65" bow length, I used a 66" string with several twists in it. You may want to order a custom AMO 65" string (61" actual length), or use an AMO 66" string with twists depending on how you want to set your rack height.
