Co-organizer: United Associations of Chinese Alumni in Houston

Introduction of ICTPA

International Chinese Transportation Professionals Association (ICTPA) was established in USA as the North American Transportation Professionals Association in 1987. The mission of the ICTPA is to promote the professional development of its members by fostering fellowship and cooperation among its members and by maintaining a central point of reference and deliberation. In an effort to promote local activities, there are currently six chapters across the entire USA from east coast to west coast: Washington, DC Chapter, Northern California Chapter, Southern California Chapter, Northeastern United States Chapter, Texas Chapter and Florida Chapter. In addition, the Hong Kong Chapter is the first in Asia.

ICTPA meets once a year to promote local members' communications and activities, with the host cities chosen alternately from North America and Asia. In the past years, we have hosted Annual Meetings in Washington DC, Kansas City, New York, Taipei, Hong Kong, Macau, Los Angeles, Beijing, Nanjing, New Jersey, Tainan, Chongqing, Tampa, Los Angeles, and Hsin Chu. The 2017 ICTPA Annual Meeting as well as the 30th Anniversary Celebration will be hosted by the Texas Chapter in Houston.
