THE X15 \$79.95
63" — 66" — 69"

A full working recurved bow of true championship construction styling and quality. Rich ivory-white face and backing, 2" wide for maximum stability, luxurious black walnut and maple lamination for decorative pin-striping. 7-inch "Accuracy" designed sight window with "comfort-contour" handle, long lasting feather rest and exclusive arrow plate of clipped calf hair. Triple Tier "beauty" nocks and every other outstanding Wonderbow feature. Specify draw weight with number and length*.

NO. X15-69". (Right Hand) in draw weights 35 lb. - 40 lb. - 45 lb. - 50 lb. @ 28". With Nylon served stranded Dacron bow string (NO. S71-69". 30/40, 40/50, or 50/60). Primarily for tournament; also for hunters who draw 30" or more.

NO. X15-66" (Right Hand) in draw weights 35 lb. - 40 lb. - 45 lb. - 50 lb. @ 28". With Nylon-served Dacron bow string (NO. S71-66". 30/40, 40/50 or 50/60). All 'Round model, but primarily designed for tournament shooting, hunting or field as a secondary usage.

NO. X15-63" (Right Hand) in draw weights 30 lb. - 35 lb. - 40 lb. - 45 lb. - 50 lb. - 55 lb. @ 28". With Nylon served Dacron bow string (NO. S71-63". 30/40, 40/50 or 50/60). Popular all purpose choice for tournament, hunting field; also recommended for women.

Recommended Fistmele 7 inches from face.

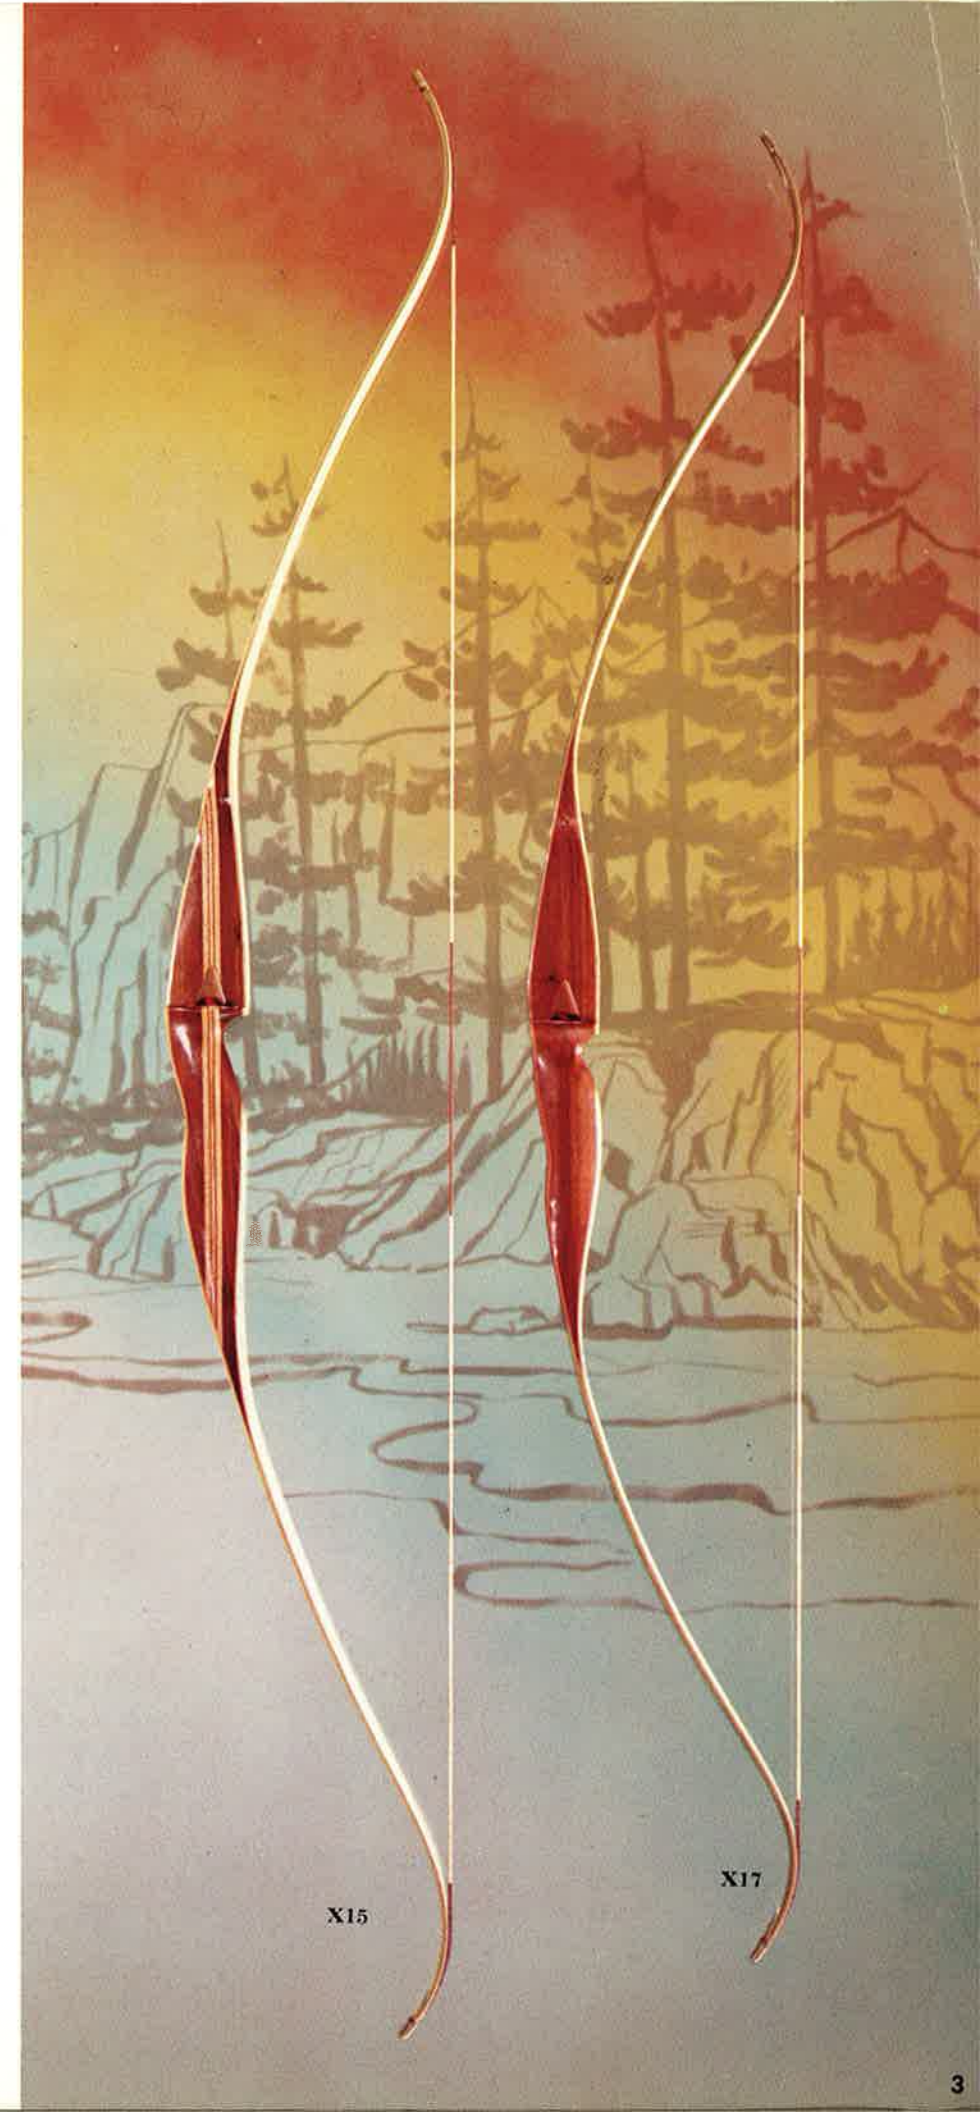

THE X17 \$59.95

Versatile 62" full working recurved bow with "that quality look" as well as tops in functional utility. Distinctively styled and expertly designed for all 'round use — hunting, tournament, field or family shooting fun. Full-view 6-inch sight window, shock absorbing arrow rest and deluxe clipped calf hair plate. Specify draw weight and number.*

No. X17-62 (Right Hand) in draw weights 35 lb. - 40 lb. - 45 lb. - 50 lb. - 55 lb. - 60 lb. @ 28". Nylon served, stranded Dacron bow string (NO. S71-62". 30/40, 40/50, 50/60.)

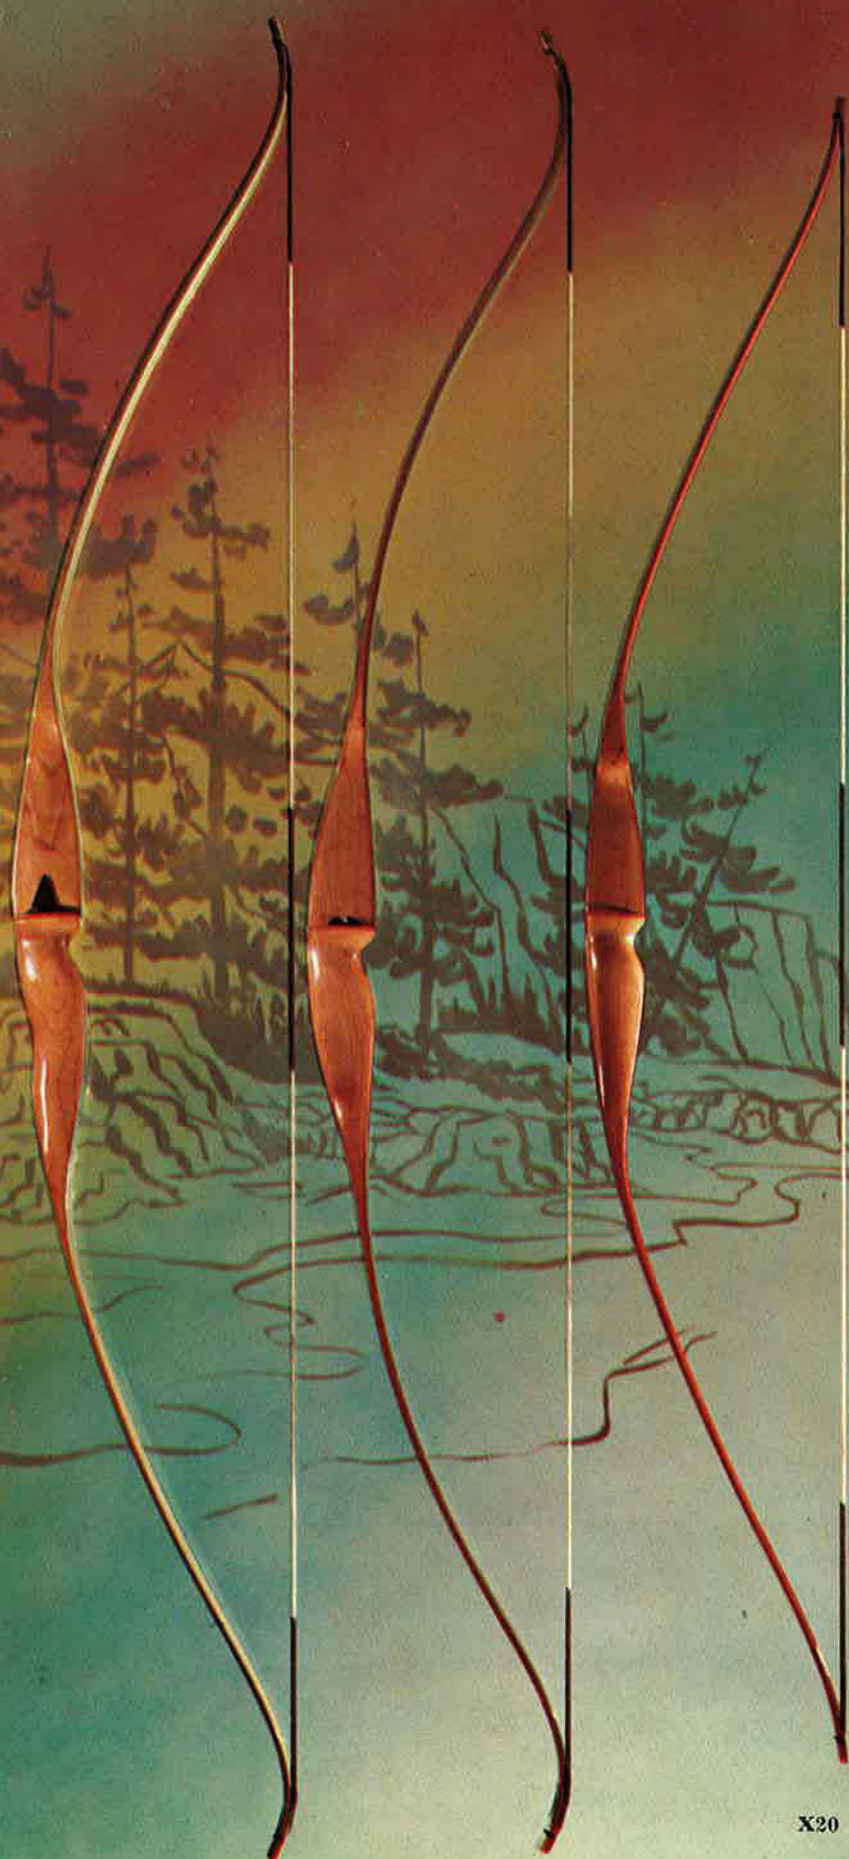

Recommended Fistmele 6¾ inches from face.

*Available in Left hand upon special order. Allow 3 to 4 weeks for delivery.

Shakespeare WONDERBOW

THE X18 \$49.95

Here is a 64-inch popular price, all purpose Wonderbow with a working recurve that gently flows from the handle riser to the nock. Designed for the ultimate in shooting ease and wear-resisting durability. Attractively styled with Ivory-white face and cool green back; rich, polished maple handle. The 6-inch "accuracy" designed sight window is equipped with the aim-helping shock absorber feather rest, Calf Hair plate for non-hindering arrow speed. The Comfort-Contour Grip has no sharp edges — makes holding to the anchor point easy and non-tiring. Smooth-cut nocks minimize string wear and are built up with hard maple to provide sturdiness and resistance to limb twist. Specify draw weight with number and length. Right hand* models.

NO. X18-64 (Right Hand) in draw weights 30 lb. - 35 lb. - 40 lb. - 45 lb. - 50 lb. - 55 lb. @ 28". Nylon served, stranded Dacron bow string (NO. S71-64, 30/40, 40/50, 50/60). All purpose, universally used length (64"). Currently being used for tournament, target, hunting and family shooting.

Recommended Fistmele 6¾" from face.

THE X19 \$42.50

An exceptional bow-buy in this price range with a "Quality Touch" in every facet of its value-design. Exceptional and unusual features such as the full view 6-inch sight window with its accuracy inducements: Inner sight contour for close "point contact" arrow tolerance which minimizes aiming errors or deflections; exclusive CALF HAIR arrow rest and plate gives smooth, quiet release without arrow drag even in the rain or under other abnormal shooting conditions. Most outstanding is its functional design: A gentle working recurve which gives stability, yet makes it fluidly easy to come to full draw; a 5-ply woven fiber glass face and back makes it rugged and dependable; the layer of laminated maple on the nocks both strengthens and dresses up the bow. Face and back are steel grey. Solid maple handle is polished to a gleaming finish. Right hand* models.

NO. X19-63 (Right Hand) in draw weights 20 lb. - 25 lb. - 30 lb. - 35 lb. - 40 lb. - 45 lb. - 50 lb. @ 28" with Nylon served Dacron bow string (NO. S71-63, 30/40, 40/50). Excellent for the "serious starter," instructional use at schools, clubs, etc. Extremely versatile and can "double" for hunting, tournament, group shooting.

Recommended Fistmele 6¾" from face.

THE X20 \$29.95

An economically priced serviceable Laminated bow that is designed with the basic requirement of standing up under hard use and delivering top all 'round performance. 58 inches overall; deflex-reflex, semi-recurve with bright red glass face and back; handle is solid maple, with full-view sight window. Laminated construction is of the more expensive bow types with 4-ply glass fiber strips and maple insert; nocks are precision formed to give proper string alignment. Draw weights @ 28". (Right hand only.)

NO. X20-58" In draw weights 20 lb. - 25 lb. - 30 lb. - 35 lb. - 40 lb. with Dacron string (NO. S73-58", 20/30, 30/40). An excellent bow for teaching, recreational programs, the serious starter in archery who can use it for every kind of accuracy shooting.

Recommended Fistmele 6¼" from face.

*Available in Left Hand upon special order. Allow 3 to 4 weeks for delivery.

PARABOW

by Shakespeare

Famous Shakespeare fiber glass construction makes possible the ultimate in a solid glass bow and provides maximum stability and smoothness. Manufactured of thousands of parallel glass fibers which are laminated under tension, each Parabow is designed to give the best shooting performance possible. Shakespeare offers a complete line of bows from \$4.95 to \$19.95 to cover every hunting field tournament, group or family shooting requirement.

NEW PARABOW B11 \$16.95

A new 66-inch fiber glass bow designed explicitly for the serious archery neophyte who wants quality and dependability at a practical price. Full working recurve and precision tapered limbs give the smoothest, easiest kind of shooting performance ever built into a glass fiber bow. Has full sight window (6"), new semi-pistol grip with built-in arrow plate and Dacron string, double looped, mono center served. Epoxy finished in brushed gold with precision machined nocks for perfect string alignment. Right hand only.

NO. B11, Available in draw weights 20 - 25 - 30 - 35 - 40 - 45 - 50 lb. @ 28". Each \$16.95

Recommended Fistmele: 7 inches

NEW PARABOW B12 \$14.95

A new 64" glass fiber bow designed to shoot like a Laminate with none of the cost, care and upkeep. The working recurve gives the versatile B12 a smooth draw and maximum cast, making it perfect for hunting, target or stump shooting and bow fishing; also recommended for instructional archery programs. Has exceptional features such as a full 6-inch sight window, a new comfort contoured semi-pistol grip with built-in arrow plate; also machined nocks for the most accurate string alignment. Comes with Dacron string, mono center served, double looped. The rich looking B12 is epoxy finished in metallic copper tone. Right hand only.

NO. B12, Available in draw weights 20 - 25 - 30 - 35 - 40 - 45 - 50 - 55 lb. @ 28". Each \$14.95

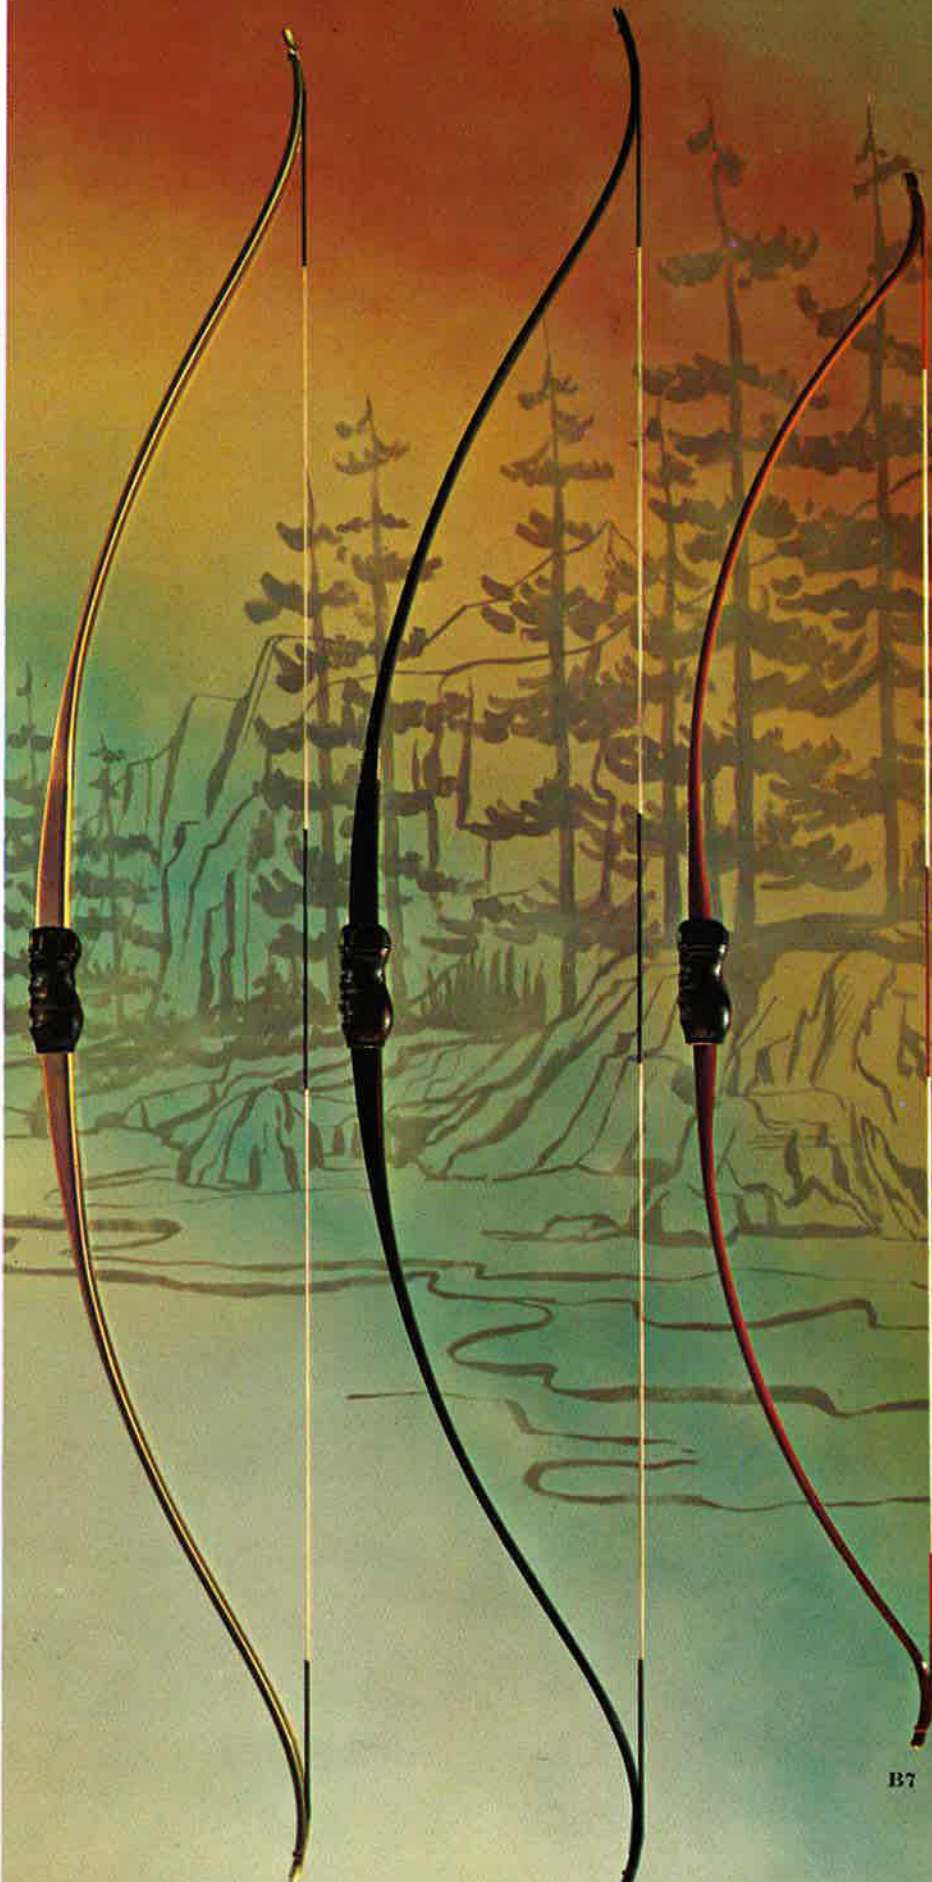

Recommended Fistmele: 7 inches

B7 COMET \$11.95

Unbelievably low in price, here is a 56" recurve ideal for hunting, field archery and backyard target shooting fun. In forest brown finish with plastic dual "viewover" grip for right or left hand use. Dacron bow string, mono center served.

NO. B7 Available in 35 - 40 - 45 - 50 - 55 lb. draw weights @ 28". Each \$11.95

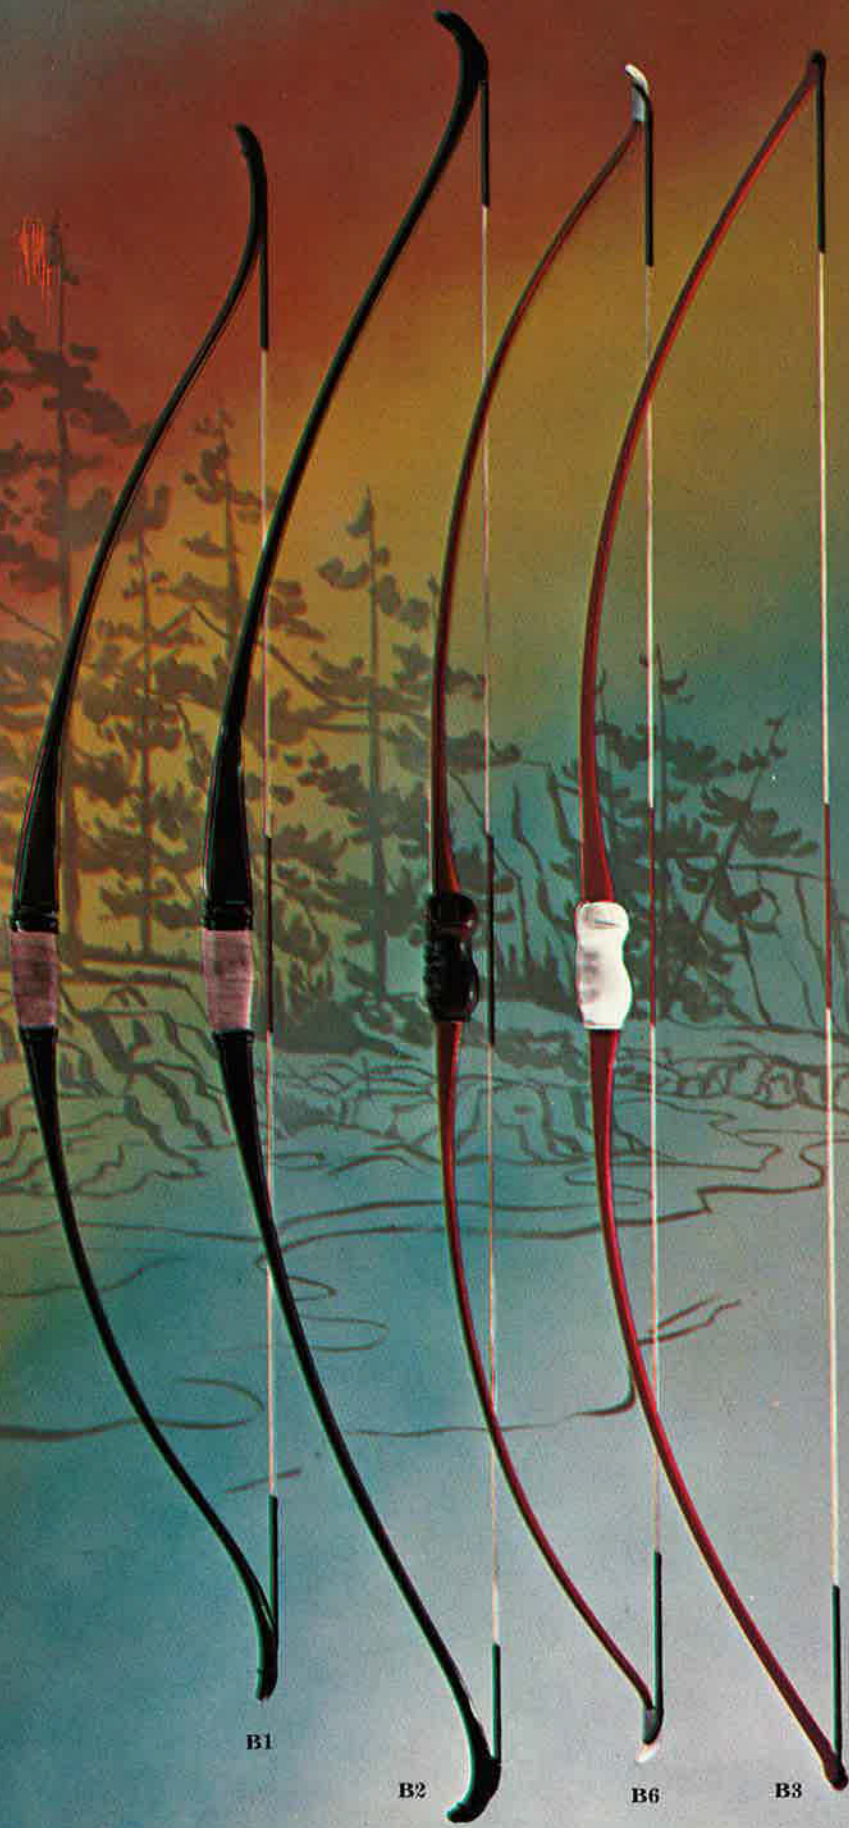

Recommended Fistmele 6½"

B1 HUNTER \$19.95

A service-giving, re-curved bow that is built to stand up under the rigors of hard hunting usage, field or target shooting. 55-inch length makes it easier to handle whether stalking, still hunting or in the blind. Recurve design provides speed, yet allows the hunter to draw smoothly and easily and provides non recoil shooting performance. Molded in camouflage charcoal with center shot sight window, decorative leather grip and precision-machine carved nocks for consistent string alignment. With stranded Dacron bow string (mono center served).

NO. B1 (Right hand only) Available in 35 - 40 - 45 - 50 - 55 lb. draw weights @ 28". Each.....\$19.95

Recommended Fistmele 6 1/2" from face.

B2 BRUSHMASTER \$19.95

Here is rugged outdoor bow for all purpose use. Perfect for target, field, or accuracy shooting, this 63" glass fiber bow is also popular with bow hunters. Recurve reflex design with center shot sight window, built-in "brush" nocks, leather grip and Dacron string (mono center served.) Camouflage charcoal finish. Specify number and bow weight.

NO. B2 (Right hand only) Available in 35 - 40 - 45 - 50 lb. draw weights @ 28". Each.....\$19.95

Recommended Fistmele 6 3/4 inches from face.

B6 MARKSMAN \$12.95

A nicely designed 58" recurved bow for all 'round archery fun. Ideal for sportsmen just starting out in archery who want to try bow-hunting. Solid fiber glass in beautiful brown finish with dual "viewover" brown plastic grip; for right or left hand shooting. Stranded Dacron bow string, mono center served.

NO. B6. Available in draw weights 25 - 30 - 35 - 40 - 45 - 50 lb. @ 28". Each.....\$12.95

Recommended Fistmele 6 1/2" from face.

B3 SHARPSHOOTER \$11.95

Versatile general purpose 60-inch straight bow recommended for the starting adult and teen-age archer. Popular with schools, camps, and clubs for special purposes. Brilliant red with new white semi-pistol grip handle for right hand shooting. Has mono served stranded Dacron string, double looped. Used in A.A.H.P.E.R. clinics.

NO. B3. Available in draw weights 20 - 25 - 30 - 35 - 40 lb. @ 28". Each.....\$11.95

Recommended Fistmele 7" from face.

ARROWS

BEST GRADE ARROWS

Shakespeare best grade arrows are of select Port Orford cedar. This "ultimate" in arrow making wood, grown only in the Northwest is properly dried before being made into arrow shafts. Each dozen is carefully and accurately matched in spine and grain weight. Beautifully styled with precision 5" spiral fletched feathers, these arrows are the finest manufactured today. In one dozen package and 28" lengths only. Specify draw weight.

BOWS

HOW TO SELECT A BOW

- When ordering bows, always specify complete catalog number and information. Example: NO. X15-69-35 means Model X15-69 inches — 35 pound draw weight.
- Draw weight (50 lb.) @ 28" is the force needed to full draw a 28" arrow. 28" is used as a standard because the average adult arm span is best suited to this draw size.
- Inexperienced archers will "overbow" if permitted. Generally, a 5 pound heavier bow than the one that can be easily drawn is the proper bow selection. Consult the draw weight for average recommendations.
- Always fill out and return registration cards upon buying best grade bows. Give serial number!

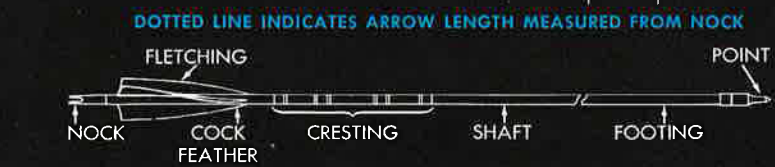

TYPES OF ARROW POINTS

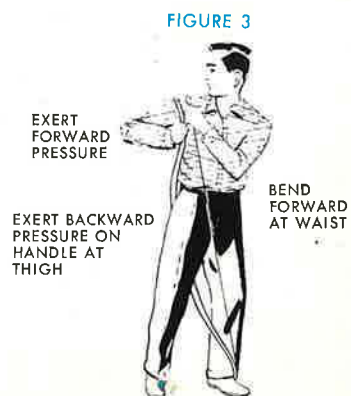

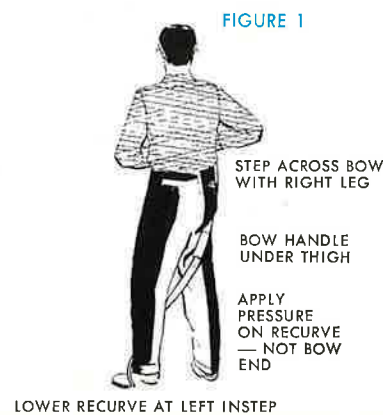

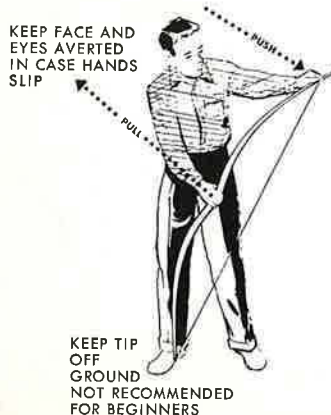

ARROWS

SHAKESPEARE QUALITY

Shakespeare makes only quality arrows. Mirror smooth cedar, hard sharp turkey feather fletching and precision installed nocks and points make accuracy shooting easier. A good quality Shakespeare Parabow arrow will mean the difference between "so-so" shooting and those "close clusters" time after time.

RECOMMENDED METHOD OF STRINGING A BOW
