Founded in 1872, the Outagamie County Historical Society steadfastly preserves the history of the Fox Cities in east central Wisconsin. Now affectionately known as the History Museum at the Castle due to our location in a former Masonic Temple, the organization is a thriving cultural institution in the community. In 2018 the Institute of Museum and Library Services (IMLS) awarded the History Museum the National Medal for Museum and Library Service.

We continually seek to inspire people to discover and appreciate the rich history of the Fox Valley through exhibition, education, and collections. In this way, our staff members foster community partnerships that build social cohesion and meet local challenges.
