

Release-Extra
ASPHALT RELEASE AGENT
PRODUCT NO.: WH-800

- No Petroleum Distillates (VOCs)
- Safe & Effective
- Economical & High Dilutions
- Eliminates Need For Diesel Wash
- Biodegradable
- Good Foaming to Show Coverage Area
- Alkylphenol Ethoxylate (APE) Free

WH-800 Release-Extra is a concentrated, water-based asphalt release agent. This product is designed as a spray-on or dipped pretreatment for truck beds and other equipment used to handle asphalt. It prevents adhesion and allows for easy removal of asphalt from truck beds, equipment, and machinery. This product is much more economical and environment-friendly than fuels or solvent based agents.

Applications & Uses	Dilutions	Directions
Pretreatment for Asphalt Trucks, Machinery, & Equipment	Full Strength to 32:1	Dilute product and apply by spraying, foaming or brushing onto the surface in a single layer. Reapply as necessary. Full Strength spray on application may be required for the new polymer blended asphalt.

Suggested Industry Applications:

Asphalt Applications
Construction
Highway Maintenance

Mining
Oil Refineries

Rail
Shipping

Specifications:

Appearance	Blue liquid
Odor	Neutral
pH	7-9
Flashpoint	None
