Innovate Your Space with 3DL

Innovative spaces require innovative products.

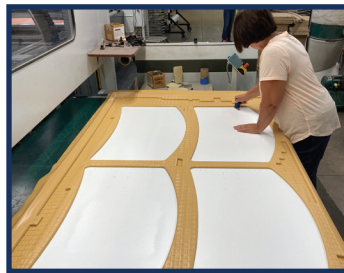

Our Hudson, Madison, LaCrosse and Geneva Collections combine performance, durability, and cleanability —ideal for healthcare, residential care, and commercial settings. Each piece is designed to meet the demands of everyday use while delivering comfort and long-lasting function.

Material Excellence

Crafted using thermoformed 3D Laminate (3DL), our collections feature fully wrapped components that eliminate the need for edge banding. This seamless construction resists moisture and bacteria buildup, while also standing up to scratches, dents, and daily wear. With a wide range of finish options that replicate the look of natural materials, our 3DL collections offer a warm, residential aesthetic that supports both user comfort and facility performance.

Crafted in the USA

Every product is assembled in the USA using high-quality materials and expert craftsmanship - offering exceptional durability, modern style, and outstanding value.

Geneva

COLLECTION

Lake Geneva, Wisconsin is a beautiful resort town that has drawn the rich and famous for decades, but at its core is a small community radiating warmth and stability. The **Geneva Collection**, named for this gem of a town, has high-end design featuring a contemporary look and feel that is made to last.

Innovate Your Space

Innovative spaces require innovative products. Our **Geneva Collection** is the ultimate in performance, flexibility, and cleanability, while also being a modern design solution for any industry.

The 3DL process with seamless edges seals the substrate from bacteria and moisture, which make it an increasingly popular choice in the healthcare industry. Engineered for its stunning aesthetics and durability, 3DL also features higher impact resistance than traditional laminate surfaces.

The **Geneva Collection** offers a contemporary look and feel at an affordable price. High quality materials and hardware are used in the construction. All products are meticulously assembled with our finest craftsmanship right here in the USA.
