

Intervention vs. Interference

Incarnation
can be understood
as intervention
reversing interference.

Humans,
acting like God,
have interfered;
God,
becoming human,
has intervened.

Human sin
is interference
with God's plan;
divine grace
is intervention
to restore it..

Human malice
and manipulation
interfere;
God's goodness
and graciousness
intervene.

Greed and materialism
interfere with
your soul;
generosity and spirituality
intervene to
liberate you.

Violence and oppression
interfere with
our societies;
solidarity and justice
intervene to
redeem us.

Therefore,
as we contemplate
the mystery
of the
Lord's intervention,
let us eliminate
the misery
caused by
human interference.
