

Sometimes Christians by passivity will miss out on the greater blessings of God. Most of the great things that have been done by God through man, happens when someone does something out of the ordinary. - A blind man who was told to hold his peace shouted louder and received his vision. An army that was not permitted to battle in a conventional way, shouted until a whole city was left defenseless as their walls fell into the earth.

Jesus told us that, "from the days of John the Baptist until now the kingdom of heaven suffereth violence, and the violent take it by force."— Matt 11:12 The word violent, means; to force oneself (into), as to press, or, violently take. By our personal, radical, force we actually will break away from the restrains of this world and take hold of our inheritance in the Kingdom of Heaven.

In this **5 CD teaching**, Dr. Hohman encourages us to step across the line of apathy and obey God in radical measures giving us the liberty to take hold of a supernatural life.
